USDA posts rural funding guide for local governments

The U.S. Department of Agriculture (USDA) recently posted a useful guide outlining federal funding programs available to support rural communities.

[Federal Resources for Sustainable Rural Communities](#) (PDF 44p 6MB) is a guide to programs from the Partnership for Sustainable Communities and the U.S. Department of Agriculture (USDA) that rural communities can use to promote economic competitiveness, protect healthy environments, and enhance quality of life. It is a collaborative effort among USDA, the Department of Housing and Urban Development, the Department of Transportation and the Environmental Protection Agency.

The guide has key information on funding and technical assistance opportunities available from the four agencies, as well as examples of how rural communities across the country have benefitted from federal resources. [The resource guide can be accessed here.](#)

Creation Date:	Dec 26, 2012
Original Closing Date for Applications:	Apr 03, 2013 A Letter of Intent (LOI) must be submitted (applications for conference grants are excluded) by 5:00 p.m. Eastern Time (ET) on January 28, 2013 (see Part IV D.1). A LOI is a prerequisite to submission of an application (conference grants is the exception).
Current Closing Date for Applications:	Apr 03, 2013 A Letter of Intent (LOI) must be submitted (applications for conference grants are excluded) by 5:00 p.m. Eastern Time (ET) on January 28,

	2013 (see Part IV D.1). A LOI is a prerequisite to submission of an application (conference grants is the exception).
Archive Date:	May 03, 2013
Funding Instrument Type:	Grant
Category of Funding Activity:	Agriculture Energy Science and Technology and other Research and Development
Category Explanation:	
Expected Number of Awards:	
Estimated Total Program Funding:	\$10,000,000
Award Ceiling:	\$10,000,000
Award Floor:	\$0
CFDA Number(s):	10.310 -- Agriculture and Food Research Initiative (AFRI)
Cost Sharing or Matching Requirement:	Yes

Eligible Applicants

Public and State controlled institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Private institutions of higher education
Individuals
For profit organizations other than small businesses
Small businesses
Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

The list above is abbreviated. Others may be eligible to apply. Eligibility may differ based on Program Area. Please review Part III, A of the current AFRI Sustainable Bioenergy RFA for more specific eligibility requirements. Note restrictions that apply to integrated applicants. Applications from ineligible institutions will not be reviewed.

Agency Name

National Institute of Food and Agriculture

Description

This AFRI Challenge Area focuses on the priority to secure America's energy future. It supports the development of regional systems for the sustainable production of bioenergy and biobased products that contribute significantly to reducing dependence on foreign oil, have net positive social, environmental, and rural economic impacts, and are compatible with existing agricultural systems. The long-term outcome for this program is to implement regional systems that materially deliver liquid transportation biofuels to help meet the Energy Independence and Security Act (EISA) of 2007 goal of 36 billion gallons/year of biofuels by 2022 and reduce the National dependence on foreign oil. In order to achieve this outcome, this program will support single-function Research, multi-function Integrated Research, Education, and/or Extension Projects, and Food and Agricultural Science Enhancement (FASE) Grants that address one of the Program Area Priorities (see Sustainable Bioenergy RFA for details).

Category Explanation:	
Expected Number of Awards:	
Estimated Total Program Funding:	\$750,000
Award Ceiling:	\$750,000
Award Floor:	\$0
CFDA Number(s):	10.322 -- Distance Education Grants for Institutions of Higher Education in Insular Areas
Cost Sharing or Matching Requirement:	No

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Applications may only be submitted by an Eligible Institution. For the purposes of the DEG grants program, an eligible institution means an institution of higher education, as defined in section 101(a) of the Higher Education Act of 1995 (20 U.S.C. 1001(a)), that is located in an Insular Area and that has a demonstrable capacity to carry out teaching and extension programs in the food and agricultural sciences. Individual land-grant colleges and universities, and other institutions that have secured land-grant status through Federal legislation, and which are located in Insular Areas are automatically eligible for awards under the DEG grants program, either as direct applicants or as parties to a consortium agreement.

Agency Name

National Institute of Food and Agriculture

Description

The purpose of this program is strengthen the capacity of Institutions of Higher Education in Insular Areas to carry out resident instruction, curriculum, and teaching programs in the food and agricultural sciences through distance education technology. The Distance Education Grants Program for Institutions of Higher Education in Insular Areas (DEG) is a NIFA-administered competitive grants program focused on improving formal, postsecondary agricultural sciences education.

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Applications may only be submitted by an Eligible Institution. For the purposes of the RIIA grants program, an eligible institution means an institution of higher education, as defined in section 101(a) of the Higher Education Act of 1995 (20 U.S.C. 1001(a)), that is located in an Insular Area and that has a demonstrable capacity to carry out teaching and extension programs in the food and agricultural sciences. Individual land-grant colleges and universities, and other institutions that have secured land-grant status through Federal legislation, and which are located in Insular Areas are automatically eligible for awards under the RIIA grants program, either as direct applicants or as parties to a consortium agreement.

Agency Name

National Institute of Food and Agriculture

Description

The purpose of this program is to promote and strengthen the ability of Insular Area Institutions to carry out teaching and education programs within a broadly defined arena of food and agricultural sciences-related disciplines. By strengthening institutional educational capacities in instruction and curriculum, and enhancing the quality of teaching and learning, NIFA intends that this program will help Insular Area Institutions meet their unique needs. This program also will assist Insular Area Institutions to make more efficient use of existing educational funds by providing resources for partnerships between faculties at Insular Area and mainland institutions.

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Applications may be submitted by any United States public or private research or educational institution or organization. Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project. An applicant's failure to meet an eligibility criterion by the time of an application deadline may result in the application being excluded from consideration or, even though an application may be reviewed, will preclude NIFA from making an award.

Agency Name

National Institute of Food and Agriculture

Description

The purpose of the BRAG program is to support the generation of new information that will assist Federal regulatory agencies in making science-based decisions about the effects of introducing into the environment genetically engineered organisms (GE), including plants, microorganisms (including fungi, bacteria, and viruses), arthropods, fish, birds, mammals and other animals excluding humans. Investigations of effects on both managed and natural environments are relevant. The BRAG program accomplishes its purpose by providing Federal regulatory agencies with scientific information relevant to regulatory issues. See RFA for details.

Opportunity Category:	Discretionary
Posted Date:	Dec 31, 2012
Creation Date:	Dec 31, 2012
Original Closing Date for Applications:	Feb 19, 2013
Current Closing Date for Applications:	Feb 19, 2013
Archive Date:	Mar 21, 2013
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Environment

Science and Technology and
other Research and Development

Category Explanation:

Expected Number of Awards: 3

Estimated Total Program Funding:

Award Ceiling: \$100,000

Award Floor: \$0

CFDA Number(s): 11.463 -- Habitat Conservation

Cost Sharing or Matching Requirement: No

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Eligible applicants are institutions of higher education, non-profits, commercial (for profit) organizations, U.S. territories, and state, local and Native American tribal governments. Applicants must be proposing work in geographic areas that benefit species with a nexus to NOAA management, further detailed in section III.C. Applications from federal agencies or employees of federal agencies will not be considered. Federal agencies are strongly encouraged to work with states, non-governmental organizations, municipal and county governments, and others that are eligible to apply.

Agency Name

Department of Commerce

Description

The principal objective of the National Marine Fisheries Service's (NMFS) Coastal and Marine Habitat Restoration Project solicitation is to identify and support proactive restoration project(s), which use a habitat-based approach to foster species recovery and increase fish production. Proposals submitted under this solicitation will be selected based on their ability to demonstrate how the proposed habitat restoration actions will help recover threatened and endangered species listed under the Endangered Species Act (hereafter, Listed Species), sustain or help rebuild fish stocks managed under the Magnuson-Stevens Fishery Conservation and Management Act (hereafter, Managed Species), or benefit other coastal and marine species with a nexus to NMFS management.

Successful proposals will 1) identify a habitat-based issue/concern limiting the recovery or sustainability of one or more target species (e.g. fish, marine mammals, sea turtles); 2) identify the project(s)' outcome goal(s) and describe in detail the actions and on-the-ground habitat restoration project(s) to be undertaken to resolve the issue/concern and; 3) describe the measurable impact on the target species, including evaluation techniques. Proposals selected for funding through this solicitation will primarily be funded through cooperative agreements. Multi-year cooperative agreement awards will be considered, and additional releases of funds may be used to fund selected proposals through FY15 without further competition. Awards are dependent upon the amount of funds Congress makes available to NOAA for this purpose in the FY13-FY15 budgets. NOAA anticipates approximately \$20 million may be available over the next three years to maintain selected awards, dependent upon the level of funding made available by Congress. NOAA anticipates typical awards will range from \$500,000 to \$5 million over three years. NOAA will not accept proposals with a budget of less than \$100,000 or more than \$10 million. One, two, or three year proposals will be accepted. Funds will be administered by the NOAA Restoration Center.

NOAA Climate Program Office Grant
And Modifications 1 & 2

Document Type:	Modification to Previous Grants Notice
Funding Opportunity Number:	NOAA-OAR-CPO-2013-2003599
Opportunity Category:	Discretionary
Posted Date:	Jan 07, 2013
Creation Date:	Jan 09, 2013
Original Closing Date for Applications:	Apr 08, 2013 Letters of Intent for all Competitions should be received by the Competition Manager by 5 p.m. Eastern Time, TBD, 2013. Applicants who have not received a response to their Letter of Intent within four weeks should contact the Competition

Manager.

Current Closing Date for Applications: Apr 08, 2013 Letters of Intent for all Competitions should be received by the Competition Manager by 5 p.m. Eastern Time on February 5, 2013. Applicants who have not received a response to their Letter of Intent within four weeks should contact the Competition Manager.

Archive Date: May 08, 2013

Funding Instrument Type: Cooperative Agreement Grant

Category of Funding Activity: Environment Science and Technology and other Research and Development

Category Explanation:

Expected Number of Awards: 17

Estimated Total Program Funding: \$17

Award Ceiling: \$3,500,000

Award Floor: \$75,000

CFDA Number(s): 11.431 -- Climate and Atmospheric Research

Cost Sharing or Matching Requirement: No

Eligible Applicants

State governments
County governments
City or township governments
Public and State controlled institutions of higher education
Native American tribal governments (Federally recognized)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Private institutions of higher education

Additional Information on Eligibility:

Agency Name

Department of Commerce

Description

Funding Opportunity Description: The NOAA Climate Program Office's (CPO) Regional Integrated Sciences and Assessments (RISA) program supports research teams that conduct innovative, interdisciplinary, user-inspired, and regionally relevant research that informs resource management and public policy. CPO funds eleven different RISA teams across the United States (US) and Pacific Islands, many of which are a model for interdisciplinary science and assessment. NOAA's RISA program is overseen by CPO's Climate and Societal Interactions (CSI) division. CSI provides leadership and support for decision support research, assessments and climate services development activities in support of adaptation. In addition to RISA, CSI's programs include the International Research and Applications Project (IRAP), the Sectoral Applications Research Program (SARP), the National Integrated Drought Information System (NIDIS), and the Coastal and Ocean Climate Applications program (COCA). CSI is also an active partner in the NOAA National Climate Data Center's (NCDC) efforts to build an integrated regional climate services partnership. NCDC employs six Regional Climate Services Directors (RCSDs) to coordinate and lead this partnership bringing together NOAA offices and close external partners such as RISA teams, Regional Climate Centers, State Climatologists, and Sea Grant. The partnership will help make climate information relevant and accessible to people across the US. NOAA seeks to marshal climate assets and partners towards the common goal of assessing regional needs and vulnerabilities and then supporting the development and delivery of timely climate services that aid adaptation and mitigation choices. RISA and CSI activities address the societal challenges identified in NOAA's Next-Generation Strategic Plan (NGSP): i) climate impacts on water resources; ii) coasts and climate resilience; iii) sustainability of marine ecosystems; and iv) changes in the extremes of weather and climate. These efforts support NOAA's vision to create and sustain enhanced resilience in ecosystems, communities, and economies, as outlined in the NGSP. In FY2013, NOAA CPO and its partners are holding two competitions for research funding. Competition 1 is soliciting proposals to two priorities: one RISA team focused on the South Central region of the US (Priority 1); and one RISA team focused on the upper Midwestern US (Priority 2). For Competition 1, we estimate that \$3.5 million over five years will be available for each priority pending budget appropriations. Awards will be at a funding level of approximately \$700,000 per year. Competition 2 is soliciting proposals only from RISA teams and their partners to conduct projects relevant to one of four priorities: Preparing for floods in urban coastal communities (Priority 3); Scenario and management planning processes (Priority 4); Drought monitoring and prediction products to support decision making (Priority 5); and Climate impacts on marine and Great Lakes ecosystems (Priority 6). For Competition 2, we estimate that

\$500 thousand to \$3 million will be available for approximately 5 to 15 awards. Awards will be at a funding level between \$75,000 and \$200,000 per year. Please download the RISA Information Sheet for more detailed information about each priority (http://www.cpo.noaa.gov/cpo_pa/risa/).

Link to Additional Information

If you have difficulty accessing the full announcement electronically, please contact:

Please visit the CPO website for further information <http://www.climate.noaa.gov/>. You can also contact the following for more information about specific priorities (note - please allow up to two weeks after receipt for a response):

" Competition 1 - New RISA awards

" 1.a. - Adam Parris (adam.parris@noaa.gov)

" 1.b. - Caitlin Simpson (Caitlin.simpson@noaa.gov)

" Competition 2 - Regional Research Partnerships

o Priority 3: Preparing for floods in urban coastal communities

" Adam Parris (adam.parris@noaa.gov)

o Priority 4: Scenario and management planning processes

" Caitlin Simpson (caitlin.simpson@noaa.gov)

o Priority 5: Drought monitoring and Prediction products to support decision making

" Daniel Barrie (Daniel.barrie@noaa.gov)

o Priority 6: Climate impacts on marine and Great Lakes ecosystems

" Laura Petes (laura.petes@noaa.gov)

Modifications:

Corporation for National and Community Service

General Program Overview

AmeriCorps provides resources, both human and financial, to organizations that engage Americans in intensive service to meet our country's critical needs. Grantees use the funding to support AmeriCorps members for intensive service in their community. AmeriCorps grants partially cover the expense of operating an AmeriCorps program and do not cover general organizational expenses. A cash and in-kind match is required.

Resources

Procurement Technical Assistance Centers (PTACs) (P)

Procurement Technical Assistance Centers (PTACs) are charged with assisting businesses in learning how to do business with federal, state, and local governments. PTACs are a local resource available at no or nominal cost that can provide assistance to business firms in marketing their products and services. They offer training to businesses on how to research and bid on contracts.

Department of Education

Grant Programs Overview at the Department of Education

The Department of Education produces a forecast of funding opportunities under the Department's discretionary grant programs for Fiscal Year 2011. It is anticipated that this forecast will be updated in November. This tool can be used to determine the general schedule and variety of programs offered by the Department on an annual basis.

ED.gov U. S. Department of Education
Promoting educational excellence for all Americans

Search ED.gov

FORECAST OF FUNDING OPPORTUNITIES UNDER THE DEPARTMENT OF EDUCATION DISCRETIONARY GRANT PROGRAMS FOR FISCAL YEAR (FY) 2011
(As of September 22, 2011)

This document lists virtually all programs and competitions under which the Department (we) has invited or expects to invite applications for new awards and provides actual or estimated deadline dates for the transmittal of applications under these programs. The lists are in the form of charts -- organized according to the Department's principal program offices -- and include programs and competitions we have previously announced, as well as those we plan to announce at a later date.

Note: This document is advisory only and is not an official application notice of the Department of Education. We expect to provide updates to this document starting in the first week of November in a fiscal year and continuing through the following July.

Note on printing: For best results, print this document in landscape orientation.

ORGANIZATION OF THIS DOCUMENT

We have assigned to each principal office a separate chart as follows:

- [Chart 1 - Office of English Language Acquisition, Language Enhancement, and Academic Achievement for Limited English Proficient Students.](#)
- [Chart 2 - Institute of Education Sciences.](#)
- [Chart 3 - Office of Elementary and Secondary Education.](#)
- [Chart 4 - Office of Safe and Drug Free Schools.](#)
- [Chart 5 - Office of Innovation and Improvement.](#)
- [Chart 6 - Office of Postsecondary Education \(Link to IPLE Chart\)](#)
- [Chart 7 - Office of Special Education and Rehabilitative Services \(Links to IDEA, SGP, RSA charts\).](#)
- [Chart 8 - Office of Vocational and Adult Education.](#)
- [Chart 9 - Office of the Deputy Secretary - ODS-](#)

DATES

Here's how you can tell whether we've already published an application notice for a particular program or competition in the Federal Register and whether the dates we list in this Forecast of Funding Opportunities are actual or estimates:

If we have published the application notice, we will list the Federal Register (FR) volume and page number (e.g., 65 FR 53402) after the date in column two. The other dates for that program or competition (columns four and five) are actual (as opposed to estimated) dates.

If we do not follow the date in column two with an FR citation, it means that we have yet to publish the application notice, and the dates (columns, two, four, and five) are estimates only. The actual dates will appear in the official application notice for that program or competition in the Federal Register.

Date of Application Notice. In column two of the charts, we list the actual or estimated date for publication of the application notice for a given program or competition.

Link to Notice. In column three of the charts, after its publication in the Federal Register, we will provide a link to the application notice for a given program or competition.

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Eligible Applicants: Entities that are, at the time of award, small business concerns as defined by the Small Business Administration (SBA). This definition is included in the application package.

Agency Name

Department of Education

Description

•Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: <http://www.access.gpo.gov/nara/index.html>. Purpose of Program: The purpose of the SBIR program is four-fold: Stimulate technological innovation in the private sector. Encourage participation in innovation and entrepreneurship by socially and economically disadvantaged persons. Strengthen the role of small business in meeting Federal research and development (R&D) needs. Increase private-sector commercialization of innovations derived from U.S. Department of Education (Department) R&D funding. Applications for grants under the SBIR Program, CFDA number 84.133S-1, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. You may access the electronic grant application for the SBIR Program at

www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.326, not 84.326A). The telephone number for the Grants.gov Helpdesk is 1-800-518-4726 or e-mail: support@grants.gov.

Department of Education

Description

Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: <http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Purpose of Program: The Magnet Schools Assistance Program (MSAP) provides grants to eligible local educational agencies (LEAs) and consortia of LEAs to support magnet schools that are part of an approved desegregation plan. Through the implementation of magnet schools, these program resources can be used in pursuit of the objectives of the Elementary and Secondary Education Act (ESEA), which supports State and local efforts to enable all elementary and secondary students to achieve to high standards and holds schools, LEAs, and States accountable for ensuring that their students do so. In particular, the MSAP provides an opportunity for eligible entities to focus on expanding their

capacity to provide public school choice to students who attend schools identified for improvement, corrective action, or restructuring under Title I, Part A of the ESEA. Catalog of Federal Domestic Assistance (CFDA) Number: 84.165A. Applications for grants under the Magnet Schools Assistance Program--CFDA Number 84.165A must be submitted electronically using Grants.gov. While completing your electronic application, you will be entering data online that will be saved into a database. You may not e-mail an electronic copy of a grant application to us. You may access the electronic grant application for the Magnet Schools Assistance Program at www.Grants.gov. You must search for the downloadable application package for this program Magnet Schools Assistance Program (MSAP 84.165) by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.165, not 84.165A). The telephone number for the Grants.gov Helpdesk is 1-800-518-4726 or e-mail: support@grants.gov.

Golden Field Office

Description

The goal of this Funding Opportunity Announcement (FOA) is to expand the market potential for CSP in the United States beyond stand-alone utility-scale power generating systems. The projects in this funding opportunity are expected to validate a 10 cents-per-kilowatt-hour (?/kWh; in real 2013\$) or lower Levelized Cost of Electricity (LCOE) from solar energy, without any subsidy, demonstrating market competitiveness with

current intermediate power generation. Additionally, these projects are expected to validate and provide data on CSP hybrid system performance and power generation profile, which is necessary to convince grid operators, regulators and utilities to incorporate CSP systems into existing or future fossil plants.

Consortia, made up of regional or statewide teams of local, governments, large single jurisdictions, or Tribal governments. The total population represented or impacted by an Applicant for this FOA must be 1,000,000 or greater as defined by the 2010 report of the U.S. Census Bureau. Applicant must be located in the United States.

Agency Name

Golden Field Office

Description

The Rooftop Solar Challenge II (RSC II) is a program intended to deploy, at the regional and national scale innovative, local government-level

solutions towards eliminating market barriers and lowering the non-hardware balance of system costs (soft costs) of grid-tied solar photovoltaics (PV). Applicants will be expected to have already demonstrated exceptional progress towards achieving soft cost reductions in specific geographic areas, and must present a credible plan to build on these successes by rapidly deploying techniques and tools to achieve larger-scale impact on solar PV markets. In addition to receiving a rigorous qualitative evaluation, Applicants will be quantitatively assessed and scored during and at the end of the project period according to the DOE Solar Market Maturity Model (SM3). Applicants are expected to propose a means for achieving the widespread process standardization that is critical to achieving rapid scale-up of PV markets. Applicants may apply for one of two Topic Areas of awards: 1. Topic Area A: Wide-Impact Awards: These awards are intended to fund unique and innovative approaches to local solar PV market transformation, with particular focus on approaches with wide geographic and large population impacts. 2. Topic Area B: State and Regional-Impact Awards: These awards are intended to fund efforts to streamline and standardize processes at the state and regional level. In accordance with 10 CFR 600.6(b), eligibility for award is restricted to Applicants: Located in the United States; and State or territorial governments; or Local governments; or Consortia, made up of regional or statewide teams of local, governments, large single jurisdictions, or Tribal governments; or Non-profit or for-profit entities authorized to act on behalf of a consortia of state and/or local governments, and The total population represented or impacted by an Applicant for this FOA must be 1,000,000 or greater as defined by the 2010 report of the U.S. Census Bureau. The full Funding Opportunity Announcement (FOA) is posted on the EERE eXCHANGE website at <https://eere-exchange.energy.gov>. Applications must be submitted through the EERE eXCHANGE website to be considered for award. The applicant must first register and create an account on the EERE eXCHANGE website. A User Guide for the EERE eXCHANGE can be found on the EERE website <http://eere.energy.gov/financing/exchangeExchange/Manuals.aspx> after logging in to the system. Information on where to submit questions regarding the content of the announcement and where to submit questions regarding submission of applications is found in the full FOA posted on the EERE Exchange website.

Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

Additional Information on Eligibility:

Nonprofit organizations described in section 501(c)(4) of the Internal Revenue Code of 1986 that engaged in lobbying activities after Dec. 31, 1995 and other Federal agencies are not eligible to apply.

Agency Name

Golden Field Office

Description

The purposes of this modification are to: 1. Modify Section II. - Award Information: Accordingly, the following sub-section is added: ?H. Performance of Work in the United States EERE strongly encourages interdisciplinary and cross-sectoral collaboration spanning organizational and national boundaries. Such collaboration enables the achievement of scientific and technological outcomes that were previously viewed as extremely difficult, if not impossible. EERE requires all work under EERE funding agreements to be performed in the United States ,i.e., prime recipients must expend 100% of the total project cost in the United States. Applicants and prime recipients may request a waiver of this requirement. Applicants must include a written waiver request in the Full Application. Prime recipients must submit any waiver requests in writing to the assigned DOE Contracting Officer. The DOE Contracting Officer has discretion to waive this requirement if he/she determines that it will further the purposes of this FOA and is otherwise in the interests of EERE. See Section IV.C.12 of the FOA for waiver request information.2. Modify Section III.A. ? Eligible Applicants: Accordingly, the following paragraph is deleted: All Entities Excluding Other Federal Agencies, and Nonprofit - 501(c)(4) The following entities are eligible to apply, except nonprofit organizations described in section 501(c)(4) of the Internal Revenue Code of 1986 that engaged in lobbying activities after December 31, 1995. Other Federal agencies are specifically excluded. Eligible applicants include but are not limited to: (1) institutions of higher education; (2) nonprofit and for-profit entities; (3) State and local governments; (4) Indian tribes and Tribal Energy Resource Development Organizations; (5) Federally Funded Research and Development Center (FFRDC) Contractors; and (6) consortia of entities (1) through (5). If applying as a consortium, an established member of the consortium must be designated as the lead applicant. Foreign entities, whether for-profit or otherwise, are also Eligible Applicants. Foreign entities are also eligible to participate as members of consortia as described above, and also as a subawardee. All work by foreign entities must be performed by subsidiaries or affiliates incorporated in the United States (including U.S. territories). and replaced with: 1. INDIVIDUALS U.S. citizens and lawful permanent residents are

eligible to apply for funding as a prime recipient or subrecipient. 2. DOMESTIC ENTITIES For-profit entities, educational institutions, and nonprofits that are incorporated (or otherwise formed) under the laws of a particular State or territory of the United States are eligible to apply for funding as a prime recipient or subrecipient. State, local, and tribal government entities are eligible to apply for funding as a prime recipient or subrecipient. DOE/National Nuclear Security Administration (NNSA) Federally Funded Research and Development Centers (FFRDCs) and DOE Government-Operated Government-Owned laboratories (GOGOs) are eligible to apply for funding as a prime recipient or subrecipient. Non-DOE/NNSA FFRDCs and non-DOE GOGOs are eligible to apply for funding as a subrecipient, but are not eligible to apply as a prime recipient. Federal agencies and instrumentalities (other than DOE) are eligible to apply for funding as a subrecipient, but are not eligible to apply as a prime recipient. 3. FOREIGN ENTITIES Foreign entities, whether for-profit or otherwise, are eligible to apply for funding under this FOA. Other than as provided in the Individuals or Domestic Entities sections above, all prime recipients receiving funding under this FOA must be incorporated (or otherwise formed) under the laws of a State or territory of the United States. If a foreign entity applies for funding as a prime recipient, it must designate in the Full Application a subsidiary or affiliate incorporated (or otherwise formed) under the laws of a State or territory of the United States to be the prime recipient. The Full Application must state the nature of the corporate relationship between the foreign entity and domestic subsidiary or affiliate. Foreign entities may request a waiver of this requirement in the Full Application. See Section IV.C.12 for waiver request information. The DOE Contracting Officer has discretion to waive this requirement if he/she determines that it will further the purposes of this FOA and is otherwise in the interests of EERE. A foreign entity may receive funding as a subrecipient. 4. INCORPORATED CONSORTIA Incorporated consortia, which may include domestic and/or foreign entities, are eligible to apply for funding as a prime recipient or subrecipient. For consortia incorporated (or otherwise formed) under the laws of a State or territory of the United States, please refer to Domestic Entities above. For consortia incorporated in foreign countries, please refer to the requirements in Foreign Entities above. Each incorporated consortium must have an internal governance structure and a written set of internal rules. Upon request, the consortium must provide a written description of its internal governance structure and its internal rules to the DOE Contracting Officer. 5. UNINCORPORATED CONSORTIA Unincorporated consortia, which may include domestic and foreign entities, must designate one member of the consortium to serve as the prime recipient/consortium representative. The prime recipient/consortium representative must be incorporated (or otherwise formed) under the laws of a State or territory of the United States. The eligibility of the consortium will be determined by the eligibility of the prime

recipient/consortium representative under Section III.A of the FOA. Upon request, unincorporated consortia must provide the DOE Contracting Officer with a collaboration agreement, commonly referred to as the articles of collaboration, which sets out the rights and responsibilities of each consortium member. This agreement binds the individual consortium members together and should discuss, among other things, the consortium's: Management structure; Method of making payments to consortium members; Means of ensuring and overseeing members' efforts on the project; Provisions for members' cost sharing contributions; and Provisions for ownership and rights in intellectual property developed previously or under the agreement.

3. Modify Section IV.C. ? Content and Form of Application: Accordingly, the following sub-section is added: 12. Waiver Request (a) Foreign Entities and (b) Performance of Work in the United States (If Applicable) As set forth in Section II.H., all prime recipients receiving funding under this FOA must be incorporated (or otherwise formed) under the laws of a State or territory of the United States. If a foreign entity applies for funding as a prime recipient, it must designate in the Full Application a subsidiary or affiliate incorporated (or otherwise formed) under the laws of a State or territory of the United States to be the prime recipient. Section II.H. further requires that all work under EERE funding agreements to be performed in the United States i.e., prime recipients must expend 100% of the total project cost in the United States. To seek a waiver of either requirement, the Applicant must submit a waiver request in the Full Application, which includes the following information: entity name, country (or state) of incorporation, description of the work to be performed by that entity, and the location where the work will be performed. If the applicant is seeking a waiver to have a foreign entity serve as the prime recipient, the applicant must explain why it is necessary to have a foreign entity serve as the prime recipient. If the applicant is seeking a waiver of the Performance of Work in the United States requirement, the applicant must explain why it is necessary to have the work performed outside of the United States. All waiver requests should explain how the waiver would further the purposes of this FOA and otherwise serve the interests of EERE. The Contracting Officer may require additional information before considering the waiver request. Save the Waiver Request(s) in a single file titled Control Number_LeadOrganization_Waiver.

4. Modify Section IV.C. ? Content and Form of Application: Accordingly, the following document is added to the Summary of Required Forms/Files Table: Name of Document Format File Name Waiver Request, if applicable PDF ControlNumber_LeadOrganization_Waiver All other terms and conditions of the Announcement remain the same.

Description

The development of nuclear energy-related infrastructure and basic capabilities in the university and college community is necessary to promote R&D that supports nuclear science and engineering (NS&E), DOE-NE's mission, and the Nation's nuclear energy challenges. Accordingly, DOE intends to enable the education and training of nuclear scientists, engineers, and policy-makers, in graduate and undergraduate study and two-year programs, as well as R&D that is relevant to the Department and the nuclear energy industry in general. This FOA is seeking applications from U.S. universities and colleges for equipment and instrumentation infrastructure to support nuclear energy-related engineering and science teaching and research laboratories. The infrastructure requested by a university should be individual, discrete, and definable items or capabilities that will support, maintain, or enhance the university's or college's capacity to attract and teach high quality students interested in nuclear energy-related studies; build the university's or college's NS&E basic research or education capabilities; or facilitate the university's or college's capability to perform R&D that is relevant to DOE-NE's R&D mission. This FOA is available at Fedconnect www.fedconnect.net under reference number DE-FOA-0000814.

National Energy Technology Laboratory

Description

Through its annual Funding Opportunity Announcement (FOA) DE-FOA-0000584, entitled "Support of Advanced Coal Research at U.S. Colleges and Universities", the University Coal Research (UCR) Program supports the Department of Energy's (DOE) Office of Fossil Energy and the National Energy Technology Laboratory (NETL) mission by supporting long-term, high-risk meritorious fundamental research that advances the science of coal technologies at U.S. colleges and universities. Since its inception in FY1979, the UCR Program has maintained three objectives, to be achieved simultaneously, which are: (1) sustain a national university program of research in energy and environmental science and engineering related to coal through innovative and fundamental investigations pertinent to coal conversion and utilization; (2) to maintain and upgrade the coal research capabilities and facilities of U.S. colleges and

universities; and (3) to support the education & training of our next generation of scientists and engineers.

Category Explanation:	
Expected Number of Awards:	12
Estimated Total Program Funding:	\$5,000,000
Award Ceiling:	\$3,000,000
Award Floor:	\$50,000
CFDA Number(s):	81.113 -- Defense Nuclear Nonproliferation Research

Cost Sharing or Matching Requirement: No

Eligible Applicants

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Private institutions of higher education
For profit organizations other than small businesses
Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

In accordance with 10 CFR 600.6(b), eligibility for award is restricted to universities and nonprofit organizations. The university or nonprofit organization selected for award will be the lead organization and will be held responsible for managing the entire scope, schedule and cost of the project, to include all reporting. For the purpose of this announcement, the term "university" means an educational institution in any State that: (1) admits as regular students only persons having a certificate of graduation from a school providing secondary education, or the recognized equivalent of such a certificate; (2) is legally authorized within such State to provide a program of education beyond secondary education; (3) provides an educational program for which the institution awards a bachelor's degree or provides not less than a 2-year program that is acceptable for full credit toward such a degree; (4) is accredited by a nationally or regionally recognized accrediting agency or association, or if not so accredited, is an institution that has been granted reaccreditation status by such an agency or association that has been recognized by the U.S. Secretary of Education for the granting of reaccreditation status, and the U.S. Secretary of Education has determined that there is satisfactory assurance that the institution will meet the accreditation standards of such an agency or association within a reasonable time. For the purposes of this announcement, the term "nonprofit organization," including international and domestic nongovernmental organizations (NGOs), means any corporation, trust, foundation, or institution which is entitled to exemption under section 501(c)(3) of the Internal Revenue Code, or which is not organized for profit and no part of the net earnings of which inure to the benefit of any private shareholder or individual (except that the definition of "nonprofit organization" at 48 CFR 27.301 shall apply for patent matters set forth at 600.136).

Agency Name

NNSA

Description

The U.S. Department of Energy (DOE), National Nuclear Security Administration (NNSA), Defense Nuclear Nonproliferation (DNN), Office of Nonproliferation and International Security (DNN NIS) is soliciting applications for the research, training and outreach needs described herein. DNN NIS has the responsibility to advance national security through the formulation and implementation of nonproliferation, nuclear security, and arms control strategies, policies, practices, and operations. DNN NIS conducts activities in four areas: Nuclear Safeguards and Security; Nuclear Controls; Nuclear Verification; and, Nonproliferation Policy in order to fulfill this responsibility. Among its many activities, DNN NIS sponsors research and domestic and international training and outreach addressing Nuclear Safeguards and Security; domestic training, international training and outreach, and research studies addressing Nuclear Controls; and, research studies addressing Nuclear Verification and Nonproliferation Policy. To meet its mission, DNN NIS applies the broad base of U.S. technical expertise including that of other government agencies, the DOE National Laboratories, academia, nongovernmental organizations, and industry. This Funding Opportunity Announcement (FOA) solicits grant applications from academia and nonprofit, including nongovernmental, organizations as defined in Section IV. A.

Environmental Management
Studies Fellowship Program
Cost Sharing or Matching Requirement: No

Eligible Applicants

Individuals

Additional Information on Eligibility:

See Section III of the announcement for additional eligibility information.

Agency Name

Environmental Protection Agency

Description

In recognition of the growing interest in environmental issues and careers, the EPA established the National Network for Environmental Management Studies (NNEMS) Fellowship Program in 1986 to encourage students to pursue environmental careers. The NNEMS program is a comprehensive fellowship program that provides students an opportunity to participate in a fellowship project that is directly related to their field of study. Under the NNEMS program, a range of fellowship activities are offered to help students increase their knowledge of environmental issues while refining their professional skills. The projects are specifically narrow in scope, allowing students to complete the research project while working full-time at the EPA during the summer or part-time during the school year. Typically, the research is conducted at the EPA office, although other arrangements can be made in certain circumstances.

Assistance

Cost Sharing or Matching Requirement: Yes

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

See Section III of the announcement for additional eligibility information.

Agency Name

Environmental Protection Agency

Description

EPA annually awards grants and cooperative agreements under the Source Reduction Assistance (SRA) Grant Program to support pollution prevention/source reduction and/or resource conservation projects that reduce or eliminate pollution at the source. The grant program does not support projects that rely on reducing pollution by using recycling, clean-up, treatment, disposal or energy recovery activities. This solicitation announces that EPA's Regional Pollution Prevention (P2) Program Offices anticipate having up to \$147,000, per region, or up to \$1,089,000 in total award funding to issue SRA awards in FY 2013. EPA will issue the awards in the form of grants and/or cooperative agreements. All funding will be awarded and managed by the EPA Regional P2 Program Offices. All estimates are subject to the availability of Congressional appropriations.

HHS Grants Forecast

The Department of Health and Human Services' Grants Forecast is a database of **planned** grant opportunities proposed by its [agencies](#). Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year. Forecast opportunities are subject to change based on enactment of congressional appropriations.

When funding is available and an agency is ready to accept applications, the agency will issue an official notice, known as a Funding Opportunity Announcement (FOA), which will be available on Grants.gov. The FOA provides guidance on how to receive an application kit and instructions on how to apply.

Application Tools Available Now For Planning A 2012 Fire Prevention And Safety Grant Application

- Friday, January 18, 2013, 5 p.m. Eastern Time. Deadline for submitting FY 2012 Fire Prevention and Safety Grant applications.

Download these updated grant application tools and start planning your grant request now.

- [FY 2012 FP&S Grants Get Ready Guide](#). This short guide will help you kick-start your grant application. It identifies the most important elements of all the grant application questions.
- [FY 2012 FP&S Grant Self-Evaluation Sheet](#). This tool is based on the application scoring dimensions used by the peer reviewers. It can help you assess your organization's readiness to apply for a grant and help you plan your application.

Video Resources

Two short Fire Prevention and Safety Program videos provide information that can help potential applicants.

- The [FP&S Grants video](#) gives an overview of the FP&S Grant Program, describing the purpose of the grants, eligible activities, and evaluation criteria.
- The [Community Risk Assessment video](#) describes the different types of risk assessments that applicants can use and explains how the risk assessment's information can support grant requests. Community risk assessments are critical to creating an effective fire prevention and safety project, and they are required to obtain a FP&S grant.

Website Resources

Visit the [FP&S Grants home page](#) on the [Assistance to Firefighters Grants \(AFG\) website](#) to find more information about recent awardees and models of successful FP&S projects.

Modifications To Fire Stations And Facilities Grant Applicants: Prepare For Environmental And Historic Preservation (EHP) Reviews

Federal laws and regulations require that all AFG-funded projects for modifications to fire stations and other facilities undergo an Environmental and Historic Preservation (EHP) review and receive EHP clearance **before any work begins and before any project funds are spent**. FEMA must consider the potential impact of all projects funded on natural and cultural resources, and this is accomplished through FEMA's EHP Review process.

If you requested a modifications to facilities grant, start preparing now by gathering the information that will be needed for the EHP screening. You will be asked to provide the following for each modifications project awarded:

- Age of the structure(s)
- Address of the structure(s)
- Description of how the structure will be modified, e.g., how the equipment will be installed or the renovations made
- Clear, good quality exterior photographs of the structure(s), assuming the modification will be visible from the outside
- Clear, good quality interior photographs that show where equipment will be installed or where the renovations will be made
- Technical drawings, maps, or site plans, if applicable
- Documentation of any previous EHP-related statements or reviews

Multiple Projects

If your grant includes funding for other AFG project activities in addition to the fire station or facilities modification, like personal protective equipment or training projects, you may access those project funds immediately. To do this, send an e-mail to AFG requesting that the grant funds be released and affirming that you will not proceed with your modification project until the EHP review has been completed and approved.

Common Reasons for Delays in EHP Reviews

By planning ahead, you can avoid some of these problems that can delay the completion and approval of EHP reviews:

- Poor or absent ground-level photographs
- Poor or absent aerial photographs
- Inadequate project description
- Inadequate information on project location (no physical addresses or latitude-longitude)

Extent of ground disturbance

United States Coast Guard

FY 2013 National Non-Profit Organization Boating Safety Grant Program

Document Type:	Grants Notice
Funding Opportunity Number:	DHS-USCG-2013-001
Opportunity Category:	Discretionary
Posted Date:	Nov 16, 2012
Creation Date:	Nov 16, 2012
Original Closing Date for Applications:	Jan 25, 2013
Current Closing Date for Applications:	Jan 25, 2013
Archive Date:	Feb 24, 2013
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)
Category Explanation:	Boating Safety Grant
Expected Number of Awards:	
Estimated Total Program Funding:	
Award Ceiling:	
Award Floor:	
CFDA Number(s):	97.012 -- Boating Safety Financial Assistance
Cost Sharing or Matching Requirement:	No

Eligible Applicants

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Additional Information on Eligibility:

Agency Name

United States Coast Guard

Description

The Federal Boat Safety Act of 1971 [recodified under Title 46, United States Code] gave the USCG new authority to deal with the large growth in recreational boating, including new programs for boat construction standards, boat defect correction oversight, boat operator requirements, and state financial assistance. The state financial assistance program was established to promote cooperative efforts between the USCG and states' boating safety programs. The majority of the program's financial assistance funds are allocated to the states and eligible U.S. territories via a formula fixed in law. However, under the provisions of the Act 46 USC Part 131, up to 5% of the total state financial assistance available each year may be set aside for awards to eligible national nonprofit public service organizations to support National Recreational Boating Safety Program activities.

For detailed information [click here](#)

FY 2013 Notice of Funding Availability (NOFA) Policy Requirements and General Section to HUD's FY2013 NOFAs for Discretionary Programs
This Notice provides prospective applicants for HUD's competitive funding with the opportunity to become familiar with the General Section to HUD's FY2013 Notices of Funding Availability (NOFAs) for Discretionary Funding (program NOFA), in advance of publication of any individual FY2013 program NOFAs. This General Section and the individual FY2013 program NOFA Sections comprise the entirety of the FY2013 NOFA instructions.

- [General Section](#)
- [FONSI](#)
- [New Application Attachment Filename Requirement](#)

Funding Opportunity Number: FR-5700-N-01

Opportunity Title: Policy Requirements and General Section

Competition ID: GS-01

CFDA No.: 14. - All of HUD programs will start with 14. ____

Open Date: July 23, 2012

Close Date: December 31, 2013

Contact: For further information on HUD's FY2013 Policy Requirements and General Section, contact the Office of Strategic Planning and Management, Grants Management Division, Department of Housing and Urban Development, 451 7th Street, SW, Room 3156, Washington, DC 20410-3000, telephone number (202) 708-0667. This is not a toll-free number. Persons with hearing or speech impairments may access this number via TTY by calling the Federal Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION: To help applicants with electronic application registration and submission, HUD advises applicants to use the help features on the Dun and Bradstreet (D&B), Central Contractor Registration (CCR)/ SAM.gov, and Grants.gov websites. These sites all have User Guides and Frequently Asked Questions (FAQ) which are updated on an ongoing basis. HUD believes that early publication of this General Section is beneficial to prospective applicants by providing advance notice of the Department's Strategic Plan Goals, Policy Priorities, NOFA threshold requirements and other requirements that are applicable to individual FY2013 program NOFAs.

- Individuals looking for assistance, please note: HUD does not provide grants and/or loans directly to individuals – the funding is made available to state and local governments; public housing agencies (PHAs); nonprofit organizations including colleges and universities; Indian tribes and tribally designated housing entities (TDHEs); graduate students; public housing resident organizations; owners of federally assisted low-income housing; and for-profit professional and technical services companies, however we do have a website, which provides resource information which may be of

assistance to you. Individuals may visit the [USA.gov website](http://USA.gov). This site allows you to complete a questionnaire; all of the questions must be answered in order to obtain an initial list of benefit results and to move on to the next sections of the Benefit Finder. Providing any additional information will further increase the accuracy of the individuals result. The website is user friendly; once the questionnaire is complete the site directs the individual to click the "View Benefit Results" tab to see a listing of programs that they may be eligible to receive.

Resident Opportunity and Self-Sufficiency - Service Coordinators Program Grant

Document Type:	Grants Notice
Funding Opportunity Number:	FR-5700-N-07
Opportunity Category:	Discretionary
Posted Date:	Jan 02, 2013
Creation Date:	Jan 02, 2013
Original Closing Date for Applications:	Feb 19, 2013 Because FY 2013 funding has not been appropriated for this program, the availability of any such funding for this program is contingent upon future Congressional action. HUD may modify the due date for this Notice to the extent a final appropriations bill for FY2013 is

enacted. HUD will issue a technical correction to this NOFA if appropriations are enacted that require HUD to modify the funding criteria or application requirements, or if HUD determines that adjustments to estimated award amounts or timelines are necessary, any such technical correction will provide detailed instructions for applicants to permit them to resubmit the application to address the revised NOFA requirements.

and Supportive Services - Service
Coordinators

Cost Sharing or Matching Requirement: Yes

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Eligible applicants are PHAs; tribes/TDHEs; tax-exempt nonprofit organizations including grassroots faith-based and other community-based organizations that have resident support, PHA support or the support of tribes; Resident Associations (RAs); resident councils (RCs); resident organizations (ROs); City-Wide Resident Organizations (CWROs); Intermediary Resident Organizations (IROs); Jurisdiction-Wide Resident Organizations; Regional Resident Organizations; Resident Management Corporations (RMCs); Site-Based Resident Organizations; Statewide Resident Organizations (SROs); and Tribal/TDHE resident groups. The term "Resident Association" or "RA" will be generally used to refer to all types of eligible resident organizations. Please see the section on "Definition of Terms" for a complete definition of each type of eligible resident organization.

Agency Name

Department of Housing and Urban Development

Description

The purpose of the Public and Indian Housing Resident Opportunity and Self Sufficiency (ROSS) Service Coordinators (ROSS-SC) program is to provide grants to public housing agencies (PHAs), tribes/tribally designated housing entities (TDHEs), Resident Associations (RAs), and tax-exempt nonprofit organizations (including grassroots, faith-based and other community-based organizations) for the provision of a Service Coordinator to coordinate supportive services and other activities designed to help Public and Indian housing residents attain economic and housing self-sufficiency. This program works to promote the development of local

strategies to coordinate the use of assistance under the Public Housing program with public and private resources, for supportive services and resident empowerment activities. These services should enable participating families to increase earned income, reduce or eliminate the need for welfare assistance, make progress toward achieving economic independence and housing self-sufficiency or, in the case of elderly or disabled residents, help improve living conditions and enable residents to age in-place. A Service Coordinator ensures that program participants are linked to the supportive services they need to achieve self-sufficiency or remain independent. Funds in this program are not allowed to be used for the direct provision of these services. This program is similar to the Public Housing Family Self-Sufficiency program (PH FSS) however, the PH FSS program is open only to PHAs and tribes/TDHEs, has a requirement of an escrow account for its participants and provides one-year funding. The ROSS SC program is open to nonprofit and Resident Association applicants, provides three-year funding, includes administrative expenses and training as eligible uses of the funds and requires a 25% match by statute. A PHA or tribe may receive grants in both programs.

Summary of Available Grants and FY 2012 Grant Program Guidelines

Application forms and guidelines for the current fiscal year are made available approximately 90 days before the grant deadline. Until that time, applications and guidelines from the previous year are available for your reference, but you must

use the current fiscal year application when you apply.

The screenshot shows the IMLS (Institute of Museum and Library Services) website. At the top is the IMLS logo and a site search bar. Below the logo is a navigation menu with links: Home, Press Room, Related Links, FOIA, RSS, and Contact Us. A secondary navigation bar contains links for Grant Applicants, Grant Reviewers, Grant Recipients, State Programs, Research, Resources, News, and About Us. The main content area is titled "Grant Applicants" and features a sidebar with links for Available Grants (By Grant Name, By Institution Type, By Project Type), Eligibility Criteria, Sample Applications, Grants.gov, Program Guidelines, After You Apply, and Outcome Based Evaluation. The main content area has a "View Available Grants" section with three dropdown menus for Grant Name, Project Type, and Institution, each with a list of options. At the bottom of this section is a "Sort options" dropdown set to "Grant Name" and a "go" button.

Sparks! Ignition Grants for Libraries and Museums Grant

Document Type:	Modification to Previous Grants Notice
Funding Opportunity Number:	SPARKS-FY13
Opportunity Category:	Discretionary
Posted Date:	Nov 28, 2012
Creation Date:	Nov 29, 2012
Original Closing Date for Applications:	Feb 01, 2013
Current Closing Date for Applications:	Feb 01, 2013
Archive Date:	Mar 03, 2013
Funding Instrument Type:	Grant

Category of Funding Activity:	Arts (see "Cultural Affairs" in CFDA) Humanities (see "Cultural Affairs" in CFDA)
Category Explanation:	
Expected Number of Awards:	14
Estimated Total Program Funding:	\$350,000
Award Ceiling:	\$25,000
Award Floor:	\$10,000
CFDA Number(s):	45.312 -- National Leadership Grants
Cost Sharing or Matching Requirement:	No

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Libraries that fulfill the general criteria for libraries may apply. Museums that fulfill the general criteria for museums may apply. Public or private nonprofit agencies, organizations, or associations that engage in activities designed to advance museums and the museum profession may also apply. In addition, institutions of higher education, including public and nonprofit universities, are eligible.

Agency Name

Institute of Museum and Library Services

Description

The Sparks! Ignition Grants for Libraries and Museums are a special funding opportunity within the IMLS National Leadership Grants program. These small grants encourage libraries, museums, and archives to test and evaluate specific innovations in the ways they operate and the services they provide. Sparks Grants support the deployment, testing, and evaluation of promising and groundbreaking new tools, products, services, or organizational practices. You may propose activities or approaches that involve risk, as long as the risk is balanced by significant potential for improvement in the ways libraries and museums serve their communities. Successful proposals will address problems, challenges, or needs of broad relevance to libraries, museums, and/or archives. A proposed project

should test a specific, innovative response to the identified problem and present a plan to make the findings widely and openly accessible. To maximize the public benefit from federal investments in these grants, the Sparks Grants will fund only projects with the following characteristics:

Broad Potential Impact—You should identify a specific problem or need that is relevant to many libraries, archives, and/or museums, and propose a testable and measurable solution. Proposals must demonstrate a thorough understanding of current issues and practices in the project’s focus area and discuss its potential impact within libraries, archives, and/or museums. Proposed innovations should be widely adoptable or adaptable.

Significant Innovation—The proposed solution to the identified problem must offer strong potential for non-incremental, significant advancement in the operation of libraries, archives, and/or museums. You must explain how the proposed activity differs from current practices or takes advantage of an unexplored opportunity, and the potential benefit to be gained by this innovation.

Award Ceiling:	\$500,000

Award Floor: \$50,000
CFDA Number(s): 45.312 -- National Leadership Grants
Cost Sharing or Matching Requirement: Yes

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

To be eligible as a library applicant for a National Leadership Grant, you must •be either a unit of State or local government or be a private nonprofit organization that has tax-exempt status under the Internal Revenue Code; •be located in one of the 50 States of the United States of America, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau; and •qualify as one of the following: a library or a parent organization, such as a school district, a municipality, a state agency, or an academic institution, that is responsible for the administration of a library. Eligible libraries include public libraries, public elementary and secondary school libraries, college and university libraries, research libraries and archives that are not an integral part of an institution of higher education and that make publicly available library services and materials that are suitable for scholarly research and not otherwise available. Research libraries, under the supervision of at least one permanent professional staff librarian, must be either generally recognized as possessing unique scholarly research materials and services that are made available to the public, or able to demonstrate that such is the case when submitting an application to IMLS. Private or special libraries that have been deemed eligible to participate in this program, by the State in which the library is located; an academic or administrative unit, such as a graduate school of library and information science that is part of an institution of higher education through which it would make application; a digital library, if it makes library materials publicly available and provides library services, including selection, organization, description, reference, and preservation, under the supervision of at least one permanent professional staff librarian; a library agency that is an official agency of a State or other unit of government and is charged by the law governing it with the extension and development of public library services within its jurisdiction; a library consortium that is a local, statewide, regional, interstate, or international cooperative association of library entities that provides for the systematic and effective

coordination of the resources of eligible libraries, as defined above, and information centers that work to improve the services delivered to the clientele of these libraries; or a library association that exists on a permanent basis, serves libraries or library professionals on a national, regional, state, or local level, and engages in activities designed to advance the well-being of libraries and the library profession.

Agency Name

Institute of Museum and Library Services

Description

National Leadership Grants support projects that address challenges faced by the museum, library, and/or archive fields and that have the potential to advance practice in those fields. Successful proposals will seek innovative responses to the challenge(s) identified in the proposals, and will have national impact. For FY2013, IMLS continues to pursue its commitment to early learning by seeking proposals addressing learners from ages 0-8 and their parents and caregivers. Library applicants are encouraged to partner with community organizations to address at least one of the challenges identified by the Campaign for Grade Level Reading including school readiness, summer reading loss, and chronic school absence. [Click here](#) to learn more about IMLS's role in this initiative. Projects addressing the goals of the Campaign for Grade Level Reading should check the appropriate box on the Program Information Sheet component of the application. The National Leadership Grant program accepts applications under three main categories: •Advancing Digital Resources—Support the creation, use, presentation, and preservation of significant digital resources as well as the development of tools to enhance access, use, and management of digital assets. •Research—Support research that investigates key questions that are important to museum, library, and archival practice. •Demonstration—Support projects that produce a replicable model or practice that is usable, adaptable, or scalable by other institutions for improving services and performance. Applicants may choose to submit a Project Grant, Planning Grant, or National Forum Grant proposal in any of the above categories. •Project Grants support fully developed projects for which needs assessments, partnership development, feasibility analyses, prototyping, and other planning activities have been completed. •Planning Grants allow project teams to perform preliminary planning activities that could lead to a subsequent full project, such as needs and feasibility analyses, solidifying partnerships, developing project work plans, or developing prototypes or proofs of concept. Applications for Planning Grants must include at least one formal partner in addition to the lead applicant. •National Forum Grants provide the opportunity to convene qualified groups of experts and key

stakeholders to consider issues or challenges that are important to libraries, museums, and/or archives across the nation. Grant-supported meetings are expected to produce widely disseminated reports with expert recommendations for action or research that address a key challenge identified in the proposal. The expert recommendations resulting from these meetings are intended to guide future proposals to the National Leadership Grant program.

State governments
County governments
City or township governments
Native American tribal governments (Federally recognized)
Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

For Category 1: Implementation and Category 2: Enhancement, applicants are limited to states, state and local courts, counties, units of local government, and Indian tribal governments (as determined by the Secretary of the Interior). For Category 3: Statewide, applicants are limited to state agencies such as the State Administering Agency (SAA), the Administrative Office of the Courts, and the state Alcohol and Substance Abuse Agency.

Agency Name

Bureau of Justice Assistance

Description

BJA is accepting applications for FY 2013 grants to establish new drug courts or enhance existing drug court services, coordination, and offender management and recovery support services. The purpose of the Adult Drug Court Discretionary Grant Program (42 U.S.C. 3797u et seq.) is to provide financial and technical assistance to states, state courts, local courts, units of local government, and Indian tribal governments to develop and implement drug courts that effectively integrate evidenced-based substance abuse treatment, mandatory drug testing, sanctions and incentives, and transitional services in a judicially supervised court setting with jurisdiction over substance-abusing offenders. (See page 6 for a definition of “evidence-based.”)

Agency Name

Bureau of Justice Assistance

Description

Healthy, vibrant communities are places that provide the opportunities, resources, and an environment that children, youth, and adults need to maximize their life outcomes, including high-quality schools and cradle-to-career educational programs; high-quality and affordable housing; thriving commercial establishments; access to quality health care and health services; art and cultural amenities; parks and other recreational spaces; and the safety to take advantage of these opportunities. Unfortunately, millions of Americans live in distressed neighborhoods² where a combination of crime, poverty, unemployment, poor health,

struggling schools, inadequate housing, and disinvestment keep many residents from reaching their full potential. The complexity of these issues has led to the emergence of comprehensive place-based and community-oriented initiatives that involve service providers from multiple sectors and disciplines, as well as community representatives from all types of organizations, to work together to reduce and prevent crime and to revitalize communities.

Office of Justice Programs
Office of Juvenile Justice Delinquency Prevention
OJJDP FY 2013 Mentoring Best Practices Research Grant

Document Type:	Grants Notice
Funding Opportunity Number:	OJJDP-2013-3415
Opportunity Category:	Discretionary
Posted Date:	Dec 21, 2012
Creation Date:	Dec 21, 2012
Original Closing Date for Applications:	Feb 19, 2013
Current Closing Date for Applications:	Feb 19, 2013
Archive Date:	Mar 21, 2013
Funding Instrument Type:	Grant
Category of Funding Activity:	Law, Justice and Legal Services
Category Explanation:	
Expected Number of Awards:	75
Estimated Total Program Funding:	
Award Ceiling:	\$500,000
Award Floor:	\$0
CFDA Number(s):	16.726 -- Juvenile Mentoring Program
Cost Sharing or Matching Requirement:	No

Eligible Applicants

State governments
County governments
City or township governments
Public and State controlled institutions of higher education
Native American tribal governments (Federally recognized)
Native American tribal organizations (other than Federally recognized tribal governments)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Private institutions of higher education
For profit organizations other than small businesses

Small businesses

Additional Information on Eligibility:

Eligible applicants are limited to states (including territories), units of local government (including federally recognized tribal governments, as determined by the Secretary of the Interior), nonprofit and for-profit organizations (including tribal nonprofit and for-profit organizations), and institutions of higher education (including tribal institutions of higher education). For-profit organizations must agree to forgo any profit or management fee. OJJDP welcomes joint applications from two or more eligible applicants; however, one applicant must be clearly indicated as the primary applicant (for correspondence, award, and management purposes) and the others indicated as co-applicants. The primary applicant for this solicitation must be the organization conducting and leading the mentoring evaluation or research. While the lead evaluator/primary applicant may partner with additional research and program sites through subrecipient relationships, the primary applicant must clearly be the entity with primary responsibility for conducting the research or evaluation.

Agency Name

Office of Juvenile Justice Delinquency Prevention

Description

This program seeks to enhance what is understood about mentoring as a prevention and intervention strategy for youth who are at risk of involvement or already involved in the juvenile justice system. While mentoring appears to be a promising intervention for youth, more evaluation work is needed to further highlight the characteristics and components of a mentoring program that are most effective. Research is also needed to demonstrate the specific components of mentoring programs that have a significant impact in reducing juvenile delinquency and offending. This solicitation will fund research studies that will inform the design and delivery of mentoring programs. OJJDP expects that the results of this effort will encourage a more effective utilization of resources and enhance the implementation of evidence-based best practices for juvenile mentoring. This program will be authorized by an Act appropriating FY 2013 funds for the Department of Justice.

National Institute of Justice

Description

With this solicitation, NIJ seeks proposals for applied research and development projects that will: (1) increase knowledge or understanding necessary to guide forensic science policy and practice or (2) result in the production of useful materials, devices, systems, or methods that have the potential for forensic application. The intent of the Applied Research and Development in Forensic Science for Criminal Justice Purposes Program is to direct the findings of basic scientific research, research and development in broader scientific fields applicable to forensic science, and ongoing forensic science research toward the development of highly discriminating, accurate, reliable, cost-effective, and rapid methods for the identification, analysis, and interpretation of physical evidence for criminal justice purposes.

Department of Labor

Agency Grants and Contract General Overview

Department of Labor Grant Programs

- **Bureau of International Labor Affairs (ILAB):** provides grants (cooperative agreements) for the implementation of projects designed to assist developing countries combat the worse forms of child labor, forced labor, and human trafficking; and support worker rights and improve working conditions. Solicitations for grant applications are announced on www.grants.gov/ and at www.dol.gov/ILAB/grants/main.htm. ILAB grants are awarded by the [OASAM grant office](#).
- **Bureau of Labor Statistics (BLS):** provides project grants (cooperative agreements) and the dissemination of technical statistical data and related information on labor force activities; provides data on prices (CPI) and cost of living; data on productivity and technology data; data on compensation and working conditions; data on employment projections.
- **Employment and Training (ETA):** ETA administers financial assistance programs pursuant to the Workforce Investment Act (WIA), administering State formula grant programs for youth, adults and dislocated workers, national emergency grants for workers affected by mass layoffs, plant closures, and disasters; grant programs for workers with disabilities, Indians and Native Americans, and for migrant and seasonal farmworkers. ETA also administers grant programs for older American workers, apprenticeship programs, Trade Adjustment Assistance (TAA) programs, and assistance for research and development of workforce programs. In addition, ETA is responsible for the operation and maintenance of a national system of public employment service offices and for the national unemployment insurance program.
- **Mine Safety and Health (MSHA):** provides grants for research, education and training programs to ensure an adequate and competent staff

of trained inspectors; and assistance for establishing or improving State mine health and safety programs through technical assistance.

- **Occupational Safety and Health (OSHA):** provides grants to non-profit organizations to provide training, educational services, and technical assistance; assistance to states to administer and enforce state programs; assistance to states to provide occupational safety and health technical assistance and consultant services.
- **Office of Disability Employment Policy (ODEP):** The Office of Disability Employment Policy awards competitive grants establishing short-term pilot and technical assistance projects designed to identify, develop, test, evaluate, and disseminate policies to increase employment by expanding access to training, education, employment supports, assistive and systems technology, integrated employment, entrepreneurial development, and small business opportunities for adults and youth with disabilities. Current pilots projects focus on customized employment, Olmstead populations, and innovative demonstration youth grants, among others. Solicitations for grant applications are published in the Federal Register and announced at www.dol.gov/odep. ODEP grants are awarded by the [OASAM grant office](#).
- **Veterans' Employment and Training (VETS):** provides special employment and training assistance for veterans through the [Disabled Veterans' Outreach Program \(DVOP\) Solicitation for Grant Applications](#); the [Local Veterans' Employment Representative Program \(LVER\)](#); [Veterans' Workforce Investment Program \(VWIP\)](#); [elaws Advisor on veterans' employment and reemployment rights](#); and the [Homeless Veterans Reintegration Project \(HVRP\)](#). VETS grants are awarded by the [OASAM grant office](#).

Grant Opportunities

Listed are our current grant categories. If the deadline has passed, the announcement is being revised and will appear at least 90 days before the new deadline.

- Archives Leadership Institute**
 The National Historical Publications and Records Commission seeks proposals from organizations to continue the Archives Leadership Institute.
 - Final Deadline: October 6, 2011
- Documenting Democracy: Access to Historical Records**
 The National Historical Publications and Records Commission seeks proposals that promote the preservation and use of the nation's most valuable archival resources. Projects should expand our understanding of the American past by facilitating and enhancing access to primary source materials.
 - Final Deadline: October 6, 2011
- Digitizing Historical Records**
 The National Historical Publications and Records Commission seeks proposals that use cost-effective methods to digitize nationally significant historical record collections and make the digital versions freely available online. Projects must make use of existing holdings of historical repositories and consist of entire collections or series. The materials should already be available to the public at the archives and described so

Current Closing Date for Applications:	May 23, 2013 “The Grants.gov

system must receive your validated and accepted application no later than 11:59 p.m., Eastern Time, on May 23, 2013.”

Archive Date: Jun 22, 2013
Funding Instrument Type: Grant
Category of Funding Activity: Arts (see "Cultural Affairs" in CFDA)
Category Explanation:
Expected Number of Awards:
Estimated Total Program Funding:
Award Ceiling: \$10,000
Award Floor: \$10,000
45.024 -- Promotion of the Arts
CFDA Number(s): Grants to Organizations and Individuals
Cost Sharing or Matching Requirement: Yes

Eligible Applicants

State governments
County governments
City or township governments
Special district governments
Independent school districts
Public and State controlled institutions of higher education
Native American tribal governments (Federally recognized)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Private institutions of higher education

Additional Information on Eligibility:

An organization may submit only one application through one of the following FY 2014 Grants for Arts Projects categories: Art Works or Challenge America Fast-Track. The Arts Endowment's support of a project may start on or after January 1, 2014. Applicant Eligibility Nonprofit, tax-exempt 501(c)(3), U.S. organizations; units of state or local government; or federally recognized tribal communities or tribes may apply. Applicants may be arts organizations, local arts agencies, arts service organizations, local education agencies (school districts), and other organizations that can help advance the goals of the Arts Endowment. To

be eligible, the applicant organization must:

- Meet the Arts Endowment's "Legal Requirements" including nonprofit, tax-exempt status at the time of application. (All organizations must apply directly on their own behalf. Applications through a fiscal agent are not allowed.)
- Have a three-year history of programming prior to the application deadline.
- Have submitted acceptable Final Report packages by the due date(s) for all Arts Endowment grant(s) previously received.

Agency Name

National Endowment for the Arts

Description

An organization may submit only one application through one of the following FY 2014 Grants for Arts Projects categories: Art Works or Challenge America Fast-Track. The Arts Endowment's support of a project may start on or after January 1, 2014. The Challenge America Fast-Track category offers support primarily to small and mid-sized organizations for projects that extend the reach of the arts to underserved populations -- those whose opportunities to experience the arts are limited by geography, ethnicity, economics, or disability. Age alone (e.g., youth, seniors) does not qualify a group as underserved; at least one of the underserved characteristics noted above also must be present. Grants are available for professional arts programming and for projects that emphasize the potential of the arts in community development. This category encourages and supports the following two outcomes:

- Engagement: Engaging the public with diverse and excellent art.
- Livability: The strengthening of communities through the arts. You will be asked to select the outcome that is most relevant to your project (you also will be able to select a secondary outcome). When making selections, you should identify the outcome(s) that reflect the results expected to be achieved by your project. If you receive a grant, you also will be asked to provide evidence of those results.

Challenge America Fast-Track grants:

- Extend the reach of the arts to underserved populations.
- Are limited to the specific types of projects outlined below.
- Are for a fixed amount of \$10,000 and require a minimum \$10,000 match.
- Receive an expedited application review. Organizations are notified whether they have been recommended for a grant approximately six months after they apply; projects may start shortly thereafter.

Agency Name

National Endowment for the Arts

Description

An organization may submit only one application through one of the following FY 2014 Grants for Arts Projects categories: Art Works or Challenge America Fast-Track. The Arts Endowment's support of a project may start on or after January 1, 2014. The guiding principle of "Art Works" is at the center of everything we do at the NEA. "Art Works" refers to three things: the works of art themselves, the ways art works on audiences, and the fact that art is work for the artists and arts professionals who make up the field. To make "art work," the NEA has included the advancement of innovation as a core component of its mission as a way to

ensure the vitality of the arts. We recognize that arts and design organizations are often in the forefront of innovation in their work and strongly encourage innovative projects which are characterized as those that: •Are likely to prove transformative with the potential for meaningful change, whether in the development or enhancement of new or existing art forms, new approaches to the creation or presentation of art, or new ways of engaging the public with art; •Are distinctive, offering fresh insights and new value for their fields and/or the public through unconventional solutions; and •Have the potential to be shared and/or emulated, or are likely to lead to other advances in the field. Through the projects that we support in the Art Works category, we want to achieve the following four outcomes: •Creation: The creation of art that meets the highest standards of excellence, •Engagement: Public engagement with diverse and excellent art, •Learning: Lifelong learning in the arts, and •Livability: The strengthening of communities through the arts.

The Arts Endowment's support of a project may begin any time between January 1, 2014, and January 1, 2015, and extend for up to two years. Creative writers who meet the publication requirements that are listed below are eligible to apply. Applicants must be citizens or permanent residents of the United States. See "How to Prepare and Submit an Application" [LINK](#) for the documentation that is required to demonstrate eligibility. Ineligible applications will be rejected without panel review. You may submit only one application per year. Multiple applications will be deemed ineligible. You may not apply for a Literature Fellowship (in poetry or prose) and a Translation Fellowship in the same year.

Agency Name

National Endowment for the Arts

Description

The Arts Endowment's support of a project may begin any time between January 1, 2014, and January 1, 2015, and extend for up to two years. The NEA Literature Fellowships program offers \$25,000 grants in prose (fiction and creative nonfiction) and poetry to published creative writers that enable recipients to set aside time for writing, research, travel, and general career advancement. Applications are reviewed through an anonymous process in which the only criteria for review are artistic excellence and artistic merit. To review the applications, the NEA assembles a different advisory panel every year, each diverse with regard to geography, race and ethnicity, and artistic points of view. The NEA Literature Fellowships program operates on a two-year cycle with fellowships in prose and poetry available in alternating years. For FY 2014, which is covered by these guidelines, fellowships in prose (fiction and creative nonfiction) are available. Fellowships in poetry will be offered in FY 2015 and guidelines will be available in the fall of 2013. You may apply only once each year. Competition for fellowships is extremely rigorous. We typically receive more than 1,000 applications each year in this category and award fellowships to fewer than 5% of applicants. You should consider carefully whether your work will be competitive at the national level.

of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than
institutions of higher education
Private institutions of higher education

Additional Information on Eligibility:

Agency Name

National Endowment for the Humanities

Description

The Preservation and Access Education and Training program is central to NEH's efforts to preserve and establish access to cultural heritage collections. Thousands of libraries, archives, museums, and historical organizations across the country maintain important collections of books and manuscripts, photographs, sound recordings and moving images, archaeological and ethnographic artifacts, art and material culture collections, electronic records, and digital objects. The challenge of preserving and making accessible such large and diverse holdings is enormous, and the need for knowledgeable staff is significant and ongoing. Preservation and Access Education and Training grants are awarded to organizations that offer national or regional (multistate) education and training programs. Grants aim to help the staff of cultural institutions, large and small, obtain the knowledge and skills needed to serve as effective stewards of humanities collections. Grants also support educational programs that prepare the next generation of conservators and

preservation professionals, as well as projects that introduce the staff of cultural institutions to new information and advances in preservation and access practices.

Additional Information on Eligibility:

Agency Name

National Endowment for the Humanities

Description

These NEH grants support national or regional (multistate) training programs for scholars and advanced graduate students to broaden and extend their knowledge of digital humanities. Through these programs,

NEH seeks to increase the number of humanities scholars using digital technology in their research and to broadly disseminate knowledge about advanced technology tools and methodologies relevant to the humanities. The projects may be a single opportunity or offered multiple times to different audiences. Institutes may be as short as a few days and held at multiple locations or as long as six weeks at a single site. For example, training opportunities could be offered before or after regularly occurring scholarly meetings, during the summer months, or during appropriate times of the academic year. The duration of a program should allow for full and thorough treatment of the topic.

Additional Information on Eligibility:

Agency Name

National Endowment for the Humanities

Description

The Landmarks of American History and Culture program supports a series of one-week residence-based workshops for a national audience of K-12 educators. NEH Landmarks of American History and Culture Workshops use historic sites to address central themes and issues in American history, government, literature, art, music, and related subjects in the humanities. Each workshop is offered twice during the summer. Workshops accommodate forty school teachers (NEH Summer Scholars) at each one-week session. The goals of the workshops are to • increase knowledge and appreciation of subjects, ideas, and places significant to American history and culture through humanities reading and site study; • build communities of inquiry and provide models of civility and of excellent scholarship and teaching; • provide teachers with expertise in the use and interpretation of historical sites and of material and archival resources; and • encourage historical and cultural sites to develop greater capacity for professional development programs. NEH Landmarks Workshops are held at or near sites important to American history and

culture (for example, presidential residences or libraries; colonial-era settlements; major battlefields; historic districts; parks and preserves; sites of key economic, social, political, and constitutional developments; and places associated with major writers, artists, and musicians). Applicants should make a compelling case for the historical significance of the site(s), the material resources available for use, and the ways in which the site(s) will enhance the workshop.

National Science Foundation

General Funding Overview

The National Science Foundation funds research and education in most [fields of science and engineering](#). It does this through grants, and cooperative agreements to more than 2,000 colleges, universities, K-12 school systems, businesses, informal science organizations and other research organizations throughout the United States. The Foundation accounts for about one-fourth of federal support to academic institutions for basic research.

NSF receives approximately 40,000 proposals each year for research, education and training projects, of which approximately 11,000 are funded. In addition, the

Foundation receives several thousand applications for graduate and postdoctoral fellowships.

The agency operates no laboratories itself but does support National Research Centers, user facilities, certain oceanographic vessels and Antarctic research stations. The Foundation also supports cooperative research between universities and industry, US participation in international scientific and engineering efforts, and educational activities at every academic level.

For assistance in finding funding: <http://nsf.gov/funding/>

The screenshot shows the NSF website's funding page. At the top is the NSF logo and the tagline "National Science Foundation WHERE DISCOVERIES BEGIN". A navigation bar includes links for Home, Funding, Awards, Discoveries, News, Publications, Statistics, About, and FastLane. The main content area is titled "Find Funding" and includes a search bar with a "Keyword:" field and a "Search" button. Below the search bar are links for "Advanced Funding Search" and "OTHER WAYS TO FIND FUNDING". The left sidebar contains a "Funding" section with links to "Find Funding", "A-Z Index of Funding Opportunities", "Recent Funding Opportunities", "Upcoming Due Dates", "Advanced Funding Search", "Interdisciplinary Research", "How to Prepare Your Proposal", and "About Funding". Below this is a "Proposals and Awards" section with links to "Proposal and Award Policies and Procedures Guide", "Introduction", "Proposal Preparation and Submission", "Grant Proposal Guide", "Grants.gov Application Guide", "Award and Administration Guide", "Award Conditions", "Other Types of Proposals", "Merit Review", "NSF Outreach", and "Policy Office".

Small Business Administration

General Overview Finding Loans & Grants

Federal, state and local governments offer a wide range of financing programs to help small businesses start and grow their operations. These programs include low-interest loans, venture capital, and scientific and economic development grants.

Use SBA.gov's [Loans and Grants Search Tool](#) to get a list of financing programs for which you may qualify, or visit the resources below to learn more about small business financing programs.

To get to the main SBA.gov funding page [click here](#)

The screenshot shows the SBA.gov website. At the top, there is a search bar labeled 'Search Federal, State & Local' and a 'Search' button. Below the search bar, there is a navigation menu with links: 'Starting & Managing a Business', 'Loans & Grants', 'Contracting', 'Counseling & Training', 'SBA Direct', and 'For Lenders'. The 'Loans & Grants' link is highlighted. On the left side, there is a sidebar with a 'Starting a Business' section containing links like 'Thinking About Starting', 'Finding a Mentor or Counselor', 'Writing a Business Plan', 'Establishing a Business', 'Preparing Your Finances', 'Loans, Grants & Funding', 'Business Law & Regulations', 'Marketing a New Business', 'Local Resources', and 'Forms'. The 'Loans, Grants & Funding' link is highlighted. The main content area is titled 'Search for Business Loans, Grants and Financing'. It contains a form with a dropdown menu for 'Select an Industry' and a list of financing options with checkboxes. The options are: 1. I'm looking for financing to help me start a new business or venture, 2. I'm looking for financing to expand my business or obtain working capital, 3. I want assistance with exporting my products/services overseas, 4. My business belongs to one of these industries: (with a dropdown menu), 5. I'm a government contractor or am interested in obtaining government contracts, 6. I'm looking for financing to help with energy efficiency, pollution control or recycling, 7. I'm a member of the military community (e.g., Active Duty, Veteran, Reservist, or Spouse), 8. I'm looking for financing available to minority business owners, and 9. I'm looking for financing available to women business owners. On the right side, there is a 'SBADirect' section with a form for 'My Interests' and a 'Join the Community!' button. Below that, there is a 'Most Visited Articles In: Starting a Business' section with links to various articles.

Department of Transportation

General Grant Program Overview

In 2011, DOT administered 14 grant programs totaling over \$417 million. In previous years, some funding for these grant programs was designated by Congress and the remainder was discretionary and awarded through a competitive process. In the FY11 budget passed in April, Congress directed that all funds were discretionary. This is expected to continue in the next fiscal year.

2011 Discretionary Grant Programs

In 2011, there were 14 grant programs totaling over \$417 million. These grants will support projects that work to improve safety, maintain a state of good repair, and make communities more livable.

In previous years, some funding for these grant programs was designated by Congress and the remainder was discretionary and awarded through a competitive process. In the FY11 budget passed in April, Congress directed that all funds were discretionary.

Research and Innovative Technology Administration

Description

The Research and Innovative Technology Administration (RITA) of the U.S. Department of Transportation (US DOT) is seeking applications from non-profit institutions of higher education to operate National, Regional and Tier 1 University Transportation Centers (UTCs or Centers). The purpose of these Centers is to advance U.S. technology and expertise in the many modes and disciplines comprising transportation through the mechanisms of research, education, and technology transfer; to provide a critical transportation knowledge base outside the US DOT; and to address vital workforce needs for the next generation of transportation leaders. To accomplish this purpose, RITA plans to competitively select and fund for Fiscal Years 2013 and 2014 (subject to availability of funds): Five National UTCs, up to \$3.0 million per Center per fiscal year; Ten Regional UTCs, one of which must be dedicated to comprehensive transportation safety, up to \$2.75 million per Center per fiscal year; and up to 20 Tier 1 UTCs, up to \$1.5 million per Center per fiscal year. A UTC must be located in the United States or territories. It may be a single university or a consortium of two or more universities. Each Center is required to obtain matching funds from non-federal sources. National and Regional UTCs must obtain matching funds in an amount at least equal to the US DOT grant amount. The match for Tier 1 UTCs is 50 percent, of the amount of the UTC grant, with an exemption for demonstration of financial hardship (see Exhibit A, Institutional Financial Hardship Form)

by the applicant institution. These funds may be expended up to September 30, 2017.

Community Development Financial Institutions

Fiscal Year 2013 NACA Program Grant

Document Type:	Grants Notice
Funding Opportunity Number:	CDFI-2013-NACA
Opportunity Category:	Discretionary
Posted Date:	Dec 21, 2012
Creation Date:	Dec 21, 2012
Original Closing Date for Applications:	Feb 28, 2013
Current Closing Date for Applications:	Feb 28, 2013
Archive Date:	Mar 01, 2013
Funding Instrument Type:	Grant Other
Category of Funding Activity:	Community Development
Category Explanation:	
Expected Number of Awards:	35
Estimated Total Program Funding:	\$12,000,000
Award Ceiling:	\$1,000,000
Award Floor:	\$1
CFDA Number(s):	21.020 -- Community Development Financial Institutions Program
Cost Sharing or Matching Requirement:	Yes

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

An organization wishing to apply for Financial Assistance only or a combination of Financial Assistance and Technical Assistance through the Native American CDFI Assistance (NACA) Program must be either a certified Native CDFI or be able to be certified by the Fund at the time of application. Organizations that are Emerging Native CDFIs or Sponsoring Entities may only apply for Technical Assistance and operating grants through the NACA Program. For more detailed information, please refer to the Notice of Funds Availability (NOFA) found on the CDFI Fund's website.

Agency Name

Community Development Financial Institutions

Description

Through the Native American CDFI Assistance (NACA) Program, the CDFI Fund provides Financial Assistance and Technical Assistance grants to Native CDFIs; and Technical Assistance grants to entities that will become or will create a Native CDFI. For more detailed information, please refer to the Notice of Funds Availability (NOFA) found on the CDFI Fund's website.

U.S. Agency for International Development**General Overview Funding Opportunities**

USAID has working relationships with thousands of American companies and hundreds of U.S.-based private voluntary organizations. For more information on our business and procurement opportunities, please visit our [Business](#) section.

For the general overview of funding opportunities: [click here](#)

[ABOUT USAID](#)[LOCATIONS](#)[OUR WORK](#)[PUBLIC AFFAIRS](#)[CAREERS](#)[BUSINESS | POLICY](#)

[You are here > Home > Our Work > Global Partnerships > Faith Based and Community Initiatives > Funding Opportunities](#)

Opportunities for Funding

American Schools and Hospitals Abroad (ASHA)
The Office of American Schools and Hospitals Abroad (ASHA) provides grants to competitively selected private, non-profit universities and secondary schools, libraries, and medical centers abroad. Since the inception of the program, ASHA has assisted 237 institutions in over 70 countries, and facilitated the development and sustainment of superior libraries, schools, and medical centers, thus positively impacting the regions where these institutions are located.

Child Survival and Health Grants Program
The Child Survival and Health Grants Program (CSHGP) promotes a unique and productive partnership with U.S. private voluntary and non-profit organizations and their in-country partners. The program supports effective community-based maternal and child health programs that contribute to reducing infant, child, maternal and infectious disease-related mortality and morbidity in developing countries. PVOs and their local partners provide high quality, sustainable child survival and health interventions in a variety of program settings, from the smallest, most remote communities to large, district- wide programs, partnering with community groups and district and national health authorities.

Denton Program (Transportation)
The Denton Program allows private U.S. citizens and U.S. based non-governmental organizations to use space available on U.S. military cargo planes to transport humanitarian items such as clothing, food, medical and educational supplies, agricultural equipment and vehicles to countries in need. The program is jointly administered by USAID, the Department of State (DOS), and the Department of Defense (DoD). In FY 2003, over 300,000 pounds of humanitarian goods were sent to seven countries through the Denton program.

Since the Denton program is a space available program, it is impossible to predict when transportation will materialize. Therefore, no guarantees can be made regarding completion of a shipment. Although the program is active in most areas of the world, U.S. military engagement in certain places can have an impact on the space that becomes available.

Development Grants Program (DGP)
The Development Grants Program is a competitive small grants program, initiated in 2006, that provides opportunities for organizations that have limited or no experience managing direct USAID grants. DGP was designed to expand the number of direct partnerships and to build the capacity of organizations to better meet the needs of their constituents. Successful applicants receive awards for \$2 million or less to implement activities over a three-year period.

Development Innovations Venture (DIV)
USAID launched Development Innovation Ventures (DIV) as a way of producing development outcomes more effectively and cost-efficiently while managing risk and obtaining leverage. Through DIV, USAID seeks to identify and rigorously test promising projects with the potential to significantly (rather than incrementally) improve development outcomes, and help replicate and scale projects that are proven successful. DIV expects its most successful of investments will have an accelerated growth path to reach tens of millions of beneficiaries worldwide within 10 years.

Food for Peace
USAID, through funding provided by Public Law 480, Title II, makes commodity donations to Cooperating Sponsors (Private Voluntary Organizations, Cooperatives, and International Organization Agencies) to address the needs of food security in both 5-year development projects and emergency food assistance programs. Food for Peace provides assistance primarily through three types of programs:

Expected Number of Awards:	
Estimated Total Program Funding:	\$10,000,000
Award Ceiling:	\$10,000,000

Award Floor: \$500,000
CFDA Number(s):
Cost Sharing or Matching Requirement: No

Eligible Applicants

Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

Additional Information on Eligibility:

Agency Name

Agency for International Development

Description

USAID's climate change program uses three pillars of funding—"Sustainable Landscapes" investments in land use practices that stop, slow, and reverse emissions from deforestation and degradation of forests and other landscapes; "Clean Energy" investments to establish a foundation for low carbon energy systems; and "Adaptation" to increase the resilience of people, places and livelihoods to a changing climate. This Addendum to the GDA APS seeks private sector partners that wish to collaborate with USAID on programs that realize these three pillars while pursuing their own business or philanthropic interests.

REMINDERS!

The Small Business Innovative Research Program - SBIR Program

The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research/Research and Development (R/R&D) that has the potential for commercialization. Through a competitive awards-based program, SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated and the United States gains entrepreneurial spirit as it meets its specific research and development needs.

SBIR Mission and Program Goals

The mission of the SBIR program is to support scientific excellence and technological innovation through the investment of Federal research funds in critical American priorities to build a strong national economy.

The program's goals are four-fold:

- Stimulate technological innovation

- Meet Federal research and development needs.
- Foster and encourage participation in innovation and entrepreneurship by socially and economically disadvantaged persons.
- Increase private-sector commercialization of innovations derived from Federal research and development funding.

SBIR-Participating Agencies

Each year, Federal agencies with extramural research and development (R&D) budgets that exceed \$100 million are required to allocate 2.5 percent of their R&D budget to these programs. Currently, eleven Federal agencies participate in the program:

- [Department of Agriculture](#)
- Department of Commerce - [National Institute of Standards and Technology](#)
- Department of Commerce - [National Oceanic and Atmospheric Administration](#)
- [Department of Defense](#)
- [Department of Education](#)
- [Department of Energy](#)
- [Department of Health and Human Services](#)
- [Department of Homeland Security](#)
- [Department of Transportation](#)
- [Environmental Protection Agency](#)
- [National Aeronautics and Space Administration](#)
- [National Science Foundation](#)

Each agency administers its own individual program within guidelines established by Congress. These agencies designate R&D topics in their solicitations and accept proposals from small businesses. Awards are made on a competitive basis after proposal evaluation.

Three-Phase Program

The SBIR Program is structured in three phases:

Phase I. The objective of Phase I is to establish the technical merit, feasibility, and commercial potential of the proposed R/R&D efforts and to determine the quality of performance of the small business awardee organization prior to providing further Federal support in Phase II. SBIR Phase I awards normally do not exceed \$150,000 total costs for 6 months.

Phase II. The objective of Phase II is to continue the R/R&D efforts initiated in Phase I. Funding is based on the results achieved in Phase I and the scientific and technical merit and commercial potential of the project proposed in Phase II. Only

Phase I awardees are eligible for a Phase II award. SBIR Phase II awards normally do not exceed \$1,000,000 total costs for 2 years.

Phase III. The objective of Phase III, where appropriate, is for the small business to pursue commercialization objectives resulting from the Phase I/II R/R&D activities. The SBIR program does not fund Phase III. Some Federal agencies, Phase III may involve follow-on non-SBIR funded R&D or production contracts for products, processes or services intended for use by the U.S. Government

Others (see text field entitled "Additional Information on Eligibility" for
clarification)

Additional Information on Eligibility:

Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA's regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.

Agency Name

Economic Development Administration

Description

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to stimulate and guide the economic development efforts of a community or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA-designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support planning organizations, including District Organizations, Indian Tribes, and other eligible Recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of higher-skill, higher-wage jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

Description

This Funding Opportunity Announcement (FOA) encourages the translation of technologies for biomedical or behavioral research from academic and other non-small business research sectors to the marketplace. Small Business Concerns (SBCs) are encouraged to submit Small Business Innovation Research (SBIR) grant applications that propose to further develop, make more robust, and make more user-friendly such technologies in preparation for commercial dissemination. It is expected that this activity will require partnerships and close collaboration between the original developers of these technologies and SBCs, which may be accomplished in any of a number of ways, including the use of multiple principle investigators.

Additional Information on Eligibility:

The only eligible applicants are accredited U.S. two-year colleges and community colleges that predominantly award associate degrees that can be earned in two years of study. Both private, independent colleges and government-supported colleges are eligible. Community-college districts and two-year-college consortia may also apply, in collaboration with at least one two-year college.

Agency Name

National Endowment for the Humanities

Description

The National Endowment for the Humanities invites two-year colleges to apply in a special Challenge Grant competition to strengthen their long-term humanities programs and resources. Two-year colleges are major educational assets that have too often been overlooked, even though over half of students in post-secondary education attend two-year institutions. The humanities can and should play a vital role in community colleges. The perspectives of history, philosophy, and literature can enrich the educational experience of students attending two-year colleges, deepening their understanding of questions related to differences among cultures, as manifested in diverse understandings of citizenship, politics, and ethics. NEH seeks to encourage two-year colleges to develop models of excellence that enhance the role of the humanities on their campuses. The goals of this initiative are • to enable two-year colleges to strengthen programs in the humanities, especially the study of the world's many cultures and civilizations; • to support model humanities curricula at two-year colleges that may be replicated at other institutions; and • to encourage two-year colleges to broaden the base of financial support for the humanities.

Agency Name

National Institute of Food and Agriculture

Description

The Agriculture and Natural Resources Science for Climate Variability and Change Challenge Area RFA focuses on the societal challenge to adapt agroecosystems and natural resource systems to climate variability and change and implement mitigation strategies in those systems. In the Agriculture and Natural Resources Science for Climate Variability and Change Challenge Area RFA, specific program areas are designed to achieve the long-term outcome of reducing the use of energy, nitrogen,

reducing GHG emissions from practices, and water in the production of food, feed, fiber, and fuel; reduce GHG emissions from these agroecosystems; and increase carbon sequestration. Project types supported by AFRI within this RFA include multi-function integrated research, education, and/or extension projects and Food and Agricultural Science Enhancement (FASE) Grants.

Economic Development Administration

FY 2013 Economic Development Assistance Programs Grant

Document Type:	Modification to Previous Grants Notice
Funding Opportunity Number:	EDAP2013
Opportunity Category:	Discretionary
Posted Date:	Nov 26, 2012
Creation Date:	Nov 27, 2012
Original Closing Date for Applications:	The deadlines for the remaining funding cycles of FY 2013 and the first funding cycle of FY 2014 are listed below. The first funding cycle of FY 2013 is covered under EDA's FY 2012 Economic Development Assistance programs (EDAP) FFO dated November 18, 2011. EDA strongly encourages electronic submissions of applications through www.grants.gov (Grants.gov). To be considered during a particular funding cycle, completed applications must be

validated and time-stamped at Grants.gov by 11:59 p.m. Eastern Time on the applicable funding cycle deadline. Alternatively, paper applications may be delivered to the applicable regional office listed in section VIII. of this FFO. Paper applications must be received no later than 5:00 p.m. local time in the applicable regional office on the funding cycle deadline and the applicant must use a delivery confirmation service from their selected carrier. If your application is received after the deadline, it will be considered late and will not be reviewed by EDA for that funding cycle. EDA will not accept facsimile or email transmissions of applications. The next four funding cycle deadlines are: December 13, 2012 for funding cycle 2 of FY 2013; March 13, 2013 for funding cycle 3 of FY 2013; June 13, 2013 for funding cycle 4 of FY 2013; and September 13, 2013 for funding cycle 1 of FY 2014. Please see section IV.C. of this FFO for more information on application deadlines under this announcement.

Current Closing Date for Applications: The deadlines for the remaining funding cycles of FY 2013 and the first funding cycle of FY 2014 are listed below. The first funding cycle of FY 2013 is covered under EDA's FY 2012 Economic Development Assistance programs (EDAP) FFO dated November 18, 2011. EDA strongly encourages electronic submissions of applications through www.grants.gov (Grants.gov). To be considered

during a particular funding cycle, completed applications must be validated and time-stamped at Grants.gov by 11:59 p.m. Eastern Time on the applicable funding cycle deadline. Regional Development

Category Explanation:

The Economic Development
Administration's (EDA's)

mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Specifically, under the Economic Development Assistance programs (EDAP) Federal Funding Opportunity (FFO) announcement, EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance Programs. Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP FFO, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic conditions.

Private institutions of higher education

Others (see text field entitled "Additional Information on Eligibility" for
clarification)

Additional Information on Eligibility:

Pursuant to EDA's authorizing statute, the Public Works and Economic Development Act of 1965 (PWEDA), eligible applicants for and eligible recipients of EDA investment assistance include a (n): (i) District Organization; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See section 3 of PWEDA (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants directly to individuals or to for-profit entities seeking to start or expand a private business. Such requests may be referred to State or local agencies, or to non-profit economic development organizations serving the region in which the project will be located.

Agency Name

Economic Development Administration

Description

EDA provides strategic investments that foster job creation and attract private investment to support development in economically distressed areas of the United States. Under this FFO, EDA solicits applications from both rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and Economic Adjustment Assistance programs. Grants made under these programs are designed to leverage existing regional assets to support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities.

Category Explanation:	
Expected Number of Awards:	
Estimated Total Program Funding:	
Award Ceiling:	
Award Floor:	
CFDA Number(s):	11.469 -- Congressionally Identified Awards and Projects
Cost Sharing or Matching Requirement:	No

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Eligible applicants may be institutions of higher education, nonprofits, commercial organizations, international or foreign organizations or governments, individuals, state, local and Indian tribal governments. Eligibility also depends on the statutory authority that permits NOAA to fund the proposed activity. Refer to the CFDA in order to determine an applicant's eligibility. If the applicant is a university that has a NOAA Joint or Cooperative Institute (CI), the institution is encouraged to submit an application that will be associated with the CI. The application must specify the name of the CI, its most recent award number, and the NOAA-approved research theme applicable to the work to be performed in the project narrative. The application will use the facilities and administrative rate (F&A or Indirect cost rate) associated with most recent CI award. If the application is selected for funding, NOAA will notify the university

that a separate competitive award will be issued with its own award number. However, the competitive award will include a Special Award Condition (SAC) that evidences the link between it and the CI award. The SAC will provide (1) that the university has submitted the proposal to be associated with the CI; (2) that any existing University/NOAA MOA will be incorporated by reference into the terms of the competitive award, and (3) that any progress report(s) for the competitive award must follow the timetable of and be submitted by the CI directly to the funding program. Copies of these progress reports will be attached to the CI's performance report as an appendix.

Agency Name

Department of Commerce

Description

The purpose of this notice is to request applications for special projects and programs associated with NOAA's strategic plan and mission goals, as well as to provide the general public with information and guidelines on how NOAA will select proposals and administer discretionary Federal assistance under this Broad Agency Announcement (BAA). This BAA is a mechanism to encourage research, education and outreach, innovative projects, or sponsorships that are not addressed through our competitive discretionary programs. It is not a mechanism for awarding congressionally directed funds or existing funded awards. Funding for potential projects in this notice is contingent upon the availability of Fiscal Year 2012, Fiscal Year 2013 and Fiscal Year 2014 appropriations. Applicants are hereby given notice that funds have not yet been appropriated for any potential activities in this notice. Publication of this announcement does not oblige NOAA to review an application, or to award any specific project, or to obligate any available funds.

Nov 26, 2012

Original Closing Date for Applications:

In general, EDA will accept and review applications submitted under its Public Works and Economic Adjustment Assistance programs in funding cycles. To be considered during a particular funding cycle, complete applications must be validated and time-stamped by www.grants.gov by 11:59 p.m. Eastern Time on the applicable funding cycle deadline. Alternatively, paper applications may be delivered with delivery confirmation to the applicable regional office listed in section X. of the FY 2012 FFO. Paper applications must be received at or before 5:00 p.m. local time in the applicable regional office on

the funding cycle deadline. If your application is received after the deadline, it will be considered late and will not be reviewed by EDA for that funding cycle. EDA will not accept facsimile or email transmissions of applications. The next four funding cycle deadlines are: (i) December 15 for funding cycle 2 of FY 2012; (ii) March 9 for funding cycle 3 of FY 2012; (iii) June 8 for funding cycle 4 of FY 2012; and (iv) September 20 for funding cycle 1 of FY 2013. Applications for financial assistance submitted under EDA's Planning, Partnership Planning, Local Technical Assistance, University Center, and Research and National Technical Assistance Programs are not subject to the procedures and deadlines described in the FFO. The program information and application requirements for these programs will be published in separate FFO announcements. In addition, applications for any supplemental appropriations that EDA receives will not be subject to the deadlines published in this announcement. EDA will publish a separate FFO for any such appropriations. Please read the FY 2012 FFO to which a link is provided below carefully for complete information on EDA's application requirements. Contact the applicable regional office listed in section X. of the FFO if you have any questions on EDA's process.

Current Closing Date for Applications: **Nov 26, 2012** In general, EDA will accept and review applications submitted under its Public Works and Economic

Adjustment Assistance programs in funding cycles. Category Explanation:

The mission of the Corporation for National and Community Service (CNCS) is to improve lives, strengthen communities, and foster civic participation through service and volunteering. CNCS—through its AmeriCorps and Senior Corps programs and the Social Innovation Fund—has helped to engage millions of citizens in meeting community and national challenges through service and volunteer action. This AmeriCorps State and National (AmeriCorps) Notice of Federal Funding Opportunity Notice (Notice) will focus grant making for fiscal year 2013 in six focus areas identified by the Serve America Act (SAA): • Disaster Services. • Economic Opportunity. • Education. • Environmental Stewardship. • Healthy Futures. • Veterans and Military Families. In order to maximize the impact of the public investment in national service, CNCS will fund programs that can demonstrate community impact and solve community problems using an evidence-based or evidence-informed approach (e.g. performance data, research, theory of change). In accordance with the Obama Administration's emphasis on open government, CNCS is committed to greater openness and transparency in grantmaking. Section V of this Notice includes a description of the review and

selection process. The following information pertaining to this competition for new and recompetitive applications will be published on the CNCS website (<http://nationalservice.gov/about/open/grants.asp>), within 90 business days after all grants are awarded: • A blank template of external review form. • A list of all compliant applications submitted. • Executive summaries of all compliant applications prepared by the applicants as part of the application. • Copies of the SF424 and Program Narrative submitted by applicants for successful applicants. • Summaries of external reviewer's comments for successful applications. Publication of this Notice does not obligate CNCS to award any specific number of grants or to obligate the entire amount of funding available.

Expected Number of Awards:

CFDA Number(s): 94.006 -- AmeriCorps

Cost Sharing or Matching
Requirement: Yes

Eligible Applicants

State governments

County governments

City or township governments

Special district governments

Independent school districts

Public and State controlled institutions of higher education

Native American tribal governments (Federally recognized)

Public housing authorities/Indian housing authorities

Native American tribal organizations (other than Federally recognized tribal governments)

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education

Private institutions of higher education

Additional Information on Eligibility:

Public or private nonprofit organizations, including faith-based and other community organizations; institutions of higher education; government entities within states or territories (e.g., cities, counties); Indian Tribes; labor organizations; or a partnership or consortia consisting of the aforementioned are eligible to apply. Intermediaries are encouraged to apply. If your organization works in just one state, please contact your State Commission, which can be found here: <http://www.americorps.gov/about/contact/statecommission.asp> You will need to apply to them and not directly to CNCS. If your organization works in more than one state, you are eligible to apply for a national grant. You will apply directly to the Corporation. If your organization is an Indian Tribe you may apply through your State Commission, or directly to CNCS.

Agency Name

Corporation for National and Community Service

Description

A. Purpose of AmeriCorps funding AmeriCorps grants are awarded to eligible organizations engaged in evidence-based or evidence-informed (e.g. performance data, research, theory of change) interventions that use AmeriCorps members to strengthen communities. An AmeriCorps member is an individual who engages in community service through an approved national service position. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service, members receive a Segal AmeriCorps Education Award from the National Service Trust. For nearly two decades, the Corporation for National and Community Service (CNCS) has invested in community solutions across the nation -- working hand in hand with local partners to improve lives, expand economic opportunity, and engage millions of Americans in solving problems in their communities. With its unique structure as a public-private partnership and its cost-effective model of engaging citizens and leveraging outside resources, national service offers a quadruple bottom line return on investment: benefiting the recipients of service, those who serve, and local communities and our nation. Through all its programs, CNCS expands economic opportunity – helping Americans acquire the skills, education, and training they need for productive employment. By helping more Americans graduate, pursue higher education, and find work, national service provides immediate and long term benefits, by expanding individual opportunity, building family stability, and creating more sustainable, resilient communities. Through AmeriCorps and other programs, CNCS brings vital leadership, resources, and coordination to some of the most pressing challenges facing America: educating students for jobs of the 21st century, supporting individuals, families, and neighborhoods on the road to economic recovery; addressing

the needs of military families and a new generation of veterans returning from war; helping communities rebuild after natural disasters; strengthening energy efficiency and improving at-risk ecosystems; and providing healthy futures. CNCS believes that all Americans should have opportunities to participate in national service, including those communities that have been traditionally underrepresented in national service, such as rural residents, veterans and military families, Native Americans, and “Opportunity Youth,” the one in six young people (ages 16-24) who are disconnected from school or work. CNCS recognizes that service can create powerful pathways to education and employment for these populations, transforming their communities and creating broad economic benefit for the country. In order to carry out Congress’ intent and to maximize the impact of investment in national service, CNCS is targeting AmeriCorps funding in the following focus areas:

Disaster Services: Grant activities will:

- Increase the preparedness of individuals.
- Improve individuals’ readiness to respond.
- Help individuals recover from disasters.
- Help individuals mitigate disasters.

Economic Opportunity: Grants will provide support and/or facilitate access to services and resources that contribute to the improved economic well-being and security of economically disadvantaged people. Grant activities will help economically disadvantaged people to:

- Have improved access to services and benefits aimed at contributing to their enhanced financial literacy.
- Transition into or remain in safe, healthy, affordable housing.
- Have improved employability leading to increased success in becoming employed.

Education: Grants will provide support and/or facilitate access to services and resources that contribute to improved educational outcomes for economically disadvantaged individuals, especially children. CNCS is particularly interested in program designs that support youth engagement and service-learning as strategies to achieve improved academic outcomes. Grant activities will improve:

- School readiness for economically disadvantaged young children.
- Educational and behavioral outcomes of students in low achieving elementary, middle, and high schools.
- The preparation for and prospects of success in post-secondary education institutions for economically disadvantaged students.

Environmental Stewardship: Grants will provide support for direct services that contribute to increased energy and water efficiency, renewable energy use, or improving at-risk ecosystems. In addition, grants will support increased citizen behavioral change leading to increased efficiency, renewable energy use, and ecosystem improvements particularly for economically disadvantaged households and communities. Grant activities will:

- Decrease energy and water consumption.
- Improve at-risk ecosystems.
- Increase behavioral changes that lead directly to decreased energy and water consumption or improved at-risk ecosystems.
- Increase green training opportunities that may lead to decreased energy and water consumption or improved at-risk ecosystems.

In addition, the Administration is exploring ways to provide service, training, education,

and employment opportunities for young Americans through protecting, restoring and enhancing public and tribal lands. CNCS is exploring potential programs along the lines of a “21st century Civilian Service Corps” that can facilitate conservation service work on public lands and encourage a new generation of natural resource managers and environmental scientists, particularly in low income and disadvantaged communities. Healthy Futures: Grants will meet health needs within communities including access to care, aging in place, and childhood obesity. Grant activities will: • Improve access to primary and preventive health care for communities served by CNCS-supported programs. • Increase seniors’ ability to remain in their own homes with the same or improved quality of life for as long as possible. • Increase physical activity and improve nutrition in youth with the purpose of reducing childhood obesity. Veterans and Military Families: Grants will positively impact the quality of life of veterans and improve military family strength. Grant activities will increase: • The number of veterans and military service members and their families served by CNCS-supported programs. • The number of veterans and military family members engaged in service through CNCS-supported programs. Capacity Building: In addition to the six focus areas described above, grants also will provide support for capacity building activities provided by national service participants. As a general rule, CNCS considers capacity building activities to be indirect services that enable CNCS-supported organizations to provide more, better, and sustained direct services in CNCS’ six focus areas. Capacity building activities cannot be solely intended to support the administration or operations of the organization. Examples of capacity building activities include: • Recruiting and/or managing community volunteers. • Implementing effective volunteer management practices. • Completing community assessments that identify goals and recommendations. • Developing new systems and business processes (technology, performance management, training, etc.) or enhancing existing systems and business processes. Encore Programs: Congress set a goal that 10 percent of AmeriCorps funding should support encore service programs that engage a significant number of participants age 55 or older. CNCS seeks to meet that 10 percent target in this competition and encourages encore programs to apply. National Performance Measures: The SAA emphasizes measuring the impact of service and focusing on a core set of issue areas. CNCS’ five-year Strategic Plan establishes an ambitious set of objectives that support the mission and goals to implement the SAA. These strategic goals guided the development of sixteen agency-wide Priority Measures. National Performance Measures allow CNCS to demonstrate aggregated impact of all its national service programs, including AmeriCorps State and National. They are divided in two categories: Priority Measures and Complementary Program Measures. For more information, please refer to the National Performance Measure Instructions’. 2013 AmeriCorps Funding Priorities In the FY 2013 AmeriCorps competition, CNCS seeks

to prioritize the investment of national service resources in economic opportunity, education, veterans and military families, disaster services, and the Governor and Mayor Initiative (described more fully below). CNCS will continue to focus on national service programs that improve academic outcomes for children, youth, and young adults. This focus reflects the extensive experience and past success of national service programs in education, and aligns with the efforts of the Department of Education. In addition, CNCS seeks to increase its investment in programs that serve veterans and military families or engage veterans and military families in service. CNCS will also focus investment in programs that increase community resiliency through disaster preparation, response, recovery, and mitigation. CNCS will focus investment in programs that increase economic opportunities for community and AmeriCorps members. Applicants proposing programs that receive priority consideration are not guaranteed funding. CNCS will seek to build a diversified portfolio across the focus areas, and other considerations outlined below in Section V. B. Furthermore, programs must demonstrate significant program focus, design, and impact to receive priority consideration. CNCS will give priority consideration to applicants in the following Tiers, in descending order of preference: Tier 1: Programs that select:

- Complementary Program Measures in Economic Opportunity (Programs that select O12, O14, O15, O17 must also select an additional Priority or Complementary Program Measure from Tier 1, 2, or 3 that measures community impact), or
- Priority Measures in Education and serve in schools that received awards under the School Improvement Grants (SIG) program and are implementing one of the SIG school intervention models and/or Priority Schools identified by a State educational agency (SEA) that has received approval from the Department of Education of its request for Elementary and Secondary Education Act (ESEA) flexibility, or
- Priority Measures in Veterans and Military Families, or
- Priority Measures in Disaster Services, or
- Governor and Mayor Initiative.

NOTE: Programs that fit these Priority or Complementary Program Measures are required to use these measures. These measures can be found in Section IX, Tier 1. Applicants whose members will be serving in schools that received awards under the School Improvement Grants (SIG) program and are implementing one of the SIG school intervention models and/or Priority Schools identified by a State educational agency (SEA) that has received approval from the Department of Education of its request for Elementary and Secondary Education Act (ESEA) flexibility must check the box on the Performance Measure tab in eGrants “SIG/Priority Schools” to be considered for Tier 1. The “NCES School ID” will need to be entered in the service location information at the time the members are enrolled. Tier 2: Programs that select Priority Measures in:

- Education that are not serving in schools that received awards under the School Improvement Grants (SIG) program and are implementing one of the SIG school intervention models and/or Priority

Schools identified by a State educational agency (SEA) that has received approval from the Department of Education of its request for Elementary and Secondary Education Act (ESEA) flexibility, or • Environmental Stewardship, or • Healthy Futures, or • Capacity Building. NOTE: Programs that fit these Priority Measures are required to use these measures. These measures can be found in Section IX, Tier 2. Tier 3: Programs that select Complementary Program Measures. These measures can be found in Section IX. Tier 3. Tier 4: Programs in the Focus Areas with self-nominated measures. Tier 5: Programs outside the Focus Areas with self-nominated measures. Continuation requests for expansion will receive priority consideration and preference in the same manner as described above. Governor and Mayor Initiative: CNCS will be piloting the Governor and Mayor Initiative and it will be given priority consideration in Tier 1. CNCS sets as a goal that 10% of the available funds for this year's grant competition will support this initiative. CNCS will accept one application per state. The application must address a pressing challenge the Governor wishes to solve in her or his state. A Governor must apply with one Mayor in his or her state and a minimum of two nonprofits. In conjunction with the Mayor, the Governor will be responsible for identifying and selecting those nonprofits that are best able to achieve a demonstrated positive impact on the problem. The application should include letters of commitment from selected partnering nonprofit entities, or describe the process that the Governor and Mayor will use to select the nonprofit entities. The application, submitted to the State Commission, will respond to the application criteria and explain how several nonprofits working together, with the Governor's office serving as a convener, will effectively deploy AmeriCorps members for a collective impact. For example, a Governor and a Mayor in her state could conclude the most pressing challenge facing the state is its high school graduation rate. Together, they could decide to focus on the elementary, junior high, and senior high schools in the Mayor's town. The Governor and/or Mayor would submit one application describing: • How the partnership will be organized and AmeriCorps resources will be allocated between the partnering entities (State, locality, and nonprofit entities). • The proposed theory of change and program model. If the program model has not yet been fully developed, this should outline the approach that the consortium will take to ensure that implementation can begin within 90 days of grant award. • How they will utilize an identified consortium of four nonprofits that are well positioned to impact outcomes for those three schools using their theory of change. For example, nonprofit A operates an AmeriCorps program whose members are focused on increasing literacy gains. Nonprofit B operates an AmeriCorps program whose members are focused on school readiness. Nonprofit C operates an AmeriCorps program whose members are focused on increased food security. Nonprofit D operates an AmeriCorps program whose members recruit community volunteers. In geographic locations where other city, state, and

place-based initiatives are under way, CNCS encourages Governors and Mayors to partner with these public/private partnerships supported by non-profits, faith-based and community organizations, the private sector, local and state elected leadership, as well as city or neighborhood focused federal initiatives. Programs that operate in the summer and engage middle school youth in building skills would be an appropriate program design for this Initiative. Applications submitted as part of the Governor and Mayor Initiative must check the “Governor and Mayor Initiative” box in the Performance Measure tab and email a letter of endorsement cosigned by the Governor and Mayor, as well as signed letters of commitment from partnering nonprofits to americorpsgrants@cns.gov in order to be considered for this Initiative. The subject line of the email must include [Your State] Governor and Mayor Initiative. Note: Only the Governor, Mayor, or their designated government office may apply for grants under the Governor and Mayor initiative. Applications from other entities will be deemed unresponsive.

HUD

Lead-Based Paint Hazard Control Grant

Document Type:	Grants Notice
Funding Opportunity Number:	FR-5700-N-04A
Opportunity Category:	Discretionary
Posted Date:	Dec 03, 2012
Creation Date:	Dec 03, 2012

Original Closing Date for Applications: Feb 04, 2013 HUD may modify the due date for this Notice to the extent a final appropriations bill for FY2013 is enacted. HUD will issue a technical correction to this NOFA if appropriations are enacted that require HUD to modify the funding criteria or application requirements, or if HUD determines that adjustments to estimated award amounts or timelines are necessary, any such technical correction will provide detailed instructions for applicants to permit them to resubmit the application to address the revised NOFA requirements.

Current Closing Date for Applications: Feb 04, 2013 HUD may modify the due date for this Notice to the extent a final appropriations bill for FY2013 is enacted. HUD will issue a technical correction to this NOFA if appropriations are enacted that require HUD to modify the funding criteria or application requirements, or if HUD determines that adjustments to estimated award amounts or timelines are necessary, any such technical correction will provide detailed instructions for applicants to permit them to resubmit the application to address the revised NOFA requirements.

Archive Date: Feb 28, 2013

Funding Instrument Type: Grant

Category of Funding Activity: Community Development
Housing

Category Explanation:

Expected Number of Awards:

Estimated Total Program Funding:

Award Ceiling:

Award Floor:

14.900 -- Lead-Based Paint
Hazard Control in Privately-
Owned Housing

CFDA Number(s):

Cost Sharing or Matching Requirement: Yes

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

To be eligible to apply for funding under this NOFA, you must be a state, Native American Tribe, city, county/parish, or other unit of local government. Multiple units of a local government (or multiple local governments) may apply as a consortium; however, a principal (lead) applicant must be identified that will be responsible for ensuring compliance with all requirements specified in this NOFA. State government and Native American tribal applicants must have an Environmental Protection Agency (EPA) authorized lead-based paint training and certification program.

Agency Name

Department of Housing and Urban Development

Description

The overarching purpose of the Lead Based Paint Hazard Control Program and the Lead Hazard Reduction Demonstration Grant Program is to assist states, Native American Tribes, cities, counties/parishes, or other units of local government in undertaking comprehensive programs to identify and control lead-based paint hazards in eligible privately owned rental or owner-occupied housing, with the exception that the Lead Hazard Reduction Demonstration Grant Program is targeted for urban jurisdictions with the greatest lead-based paint hazard control needs.

Fiscal Year 2013 Recovery Implementation Fund Grant

Document Type:	Grants Notice
Funding Opportunity Number:	F13AS00037
Opportunity Category:	Discretionary
Posted Date:	Dec 05, 2012
Creation Date:	Dec 05, 2012
Original Closing Date for Applications:	Jul 31, 2013 Applications are due by July 31, 2013. However, you may submit applications throughout the year. Consideration of applications ultimately will be based on the FWS budget cycle.
Current Closing Date for Applications:	Jul 31, 2013 Applications are due by July 31, 2013. However, you may submit applications throughout the year. Consideration of applications ultimately will be based on the

Archive Date:	FWS budget cycle. Oct 30, 2013
Funding Instrument Type:	Cooperative Agreement Grant Procurement Contract
Category of Funding Activity:	Environment Natural Resources
Category Explanation:	
Expected Number of Awards:	
Estimated Total Program Funding:	\$0
Award Ceiling:	\$0
Award Floor:	\$0
CFDA Number(s):	15.657 -- Endangered Species Conservation - Recovery Implementation Funds
Cost Sharing or Matching Requirement:	No

Eligible Applicants

Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

Additional Information on Eligibility:

Applicants must have a demonstrated knowledge and understanding of the biology of the involved endangered or threatened species in the United States and their ecosystem, including preferably having worked with the species in the field and holding a currently valid Endangered Species Act permit, issued by the FWS, authorizing them to work with these species (or that have previously held a permit to do so). If funding is awarded, applicants that do not currently hold a valid permit for the proposed activity may need to apply for and obtain a permit (<http://www.fws.gov/endangered/permits/index.html>) before beginning the proposed activity. FWS Regional (or Field Office) contacts will discuss potential proposals with interested parties if needed, and review eligible applications. The FWS Regional Office will refer interested parties to the appropriate FWS Field Office for further consideration as appropriate. For potential proposals submitted directly to the Field Office, the Field Office will conduct the proposal review and selection process. A list of FWS Regional Office contacts is available in the Full Announcement under section VII. Agency Contacts.

Agency Name

Description

The FWS Endangered Species Program provides Federal financial assistance on a competitive basis to States, other Federal agencies, landowners, educators, non-profit organizations, researchers, and other partners to secure information about endangered, threatened or candidate species, to aid in the recovery of these species, to avert listing of species pursuant to the Endangered Species Act, and to help conserve the ecosystems upon which these species depend. The FWS and National Marine Fisheries Service (NMFS), which is part of the Department of Commerce's NOAA Fisheries office, share Endangered Species Act responsibilities for several species such as sea turtles. We have responsibility for sea turtles when they are on land, and NMFS has responsibility for sea turtles when they are in the water. Projects for NMFS-managed species are not included in this funding opportunity. This Recovery Implementation funding opportunity is intended for projects that will contribute to the recovery of FWS-managed endangered and threatened species in the United States, and is limited to projects carrying out actions described in a species's approved recovery plan, in the implementation schedule of a species's approved recovery plan, actions recommended in a completed 5-year status review of the species or in a spotlight species action plan, or projects documenting species's response to climate change. For example: securing scientific information about endangered or threatened species, implementing restoration actions that will lead to delisting of a species, help prevent extinction of a species, or aid in the recovery of a species. Projects that address species response to climate change will receive additional consideration.

Eligible Applicants

Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

Additional Information on Eligibility:

Applicants must have a demonstrated knowledge and understanding of the biology of the involved candidate or at-risk species in the United States and their ecosystem, including preferably having worked with the species in the field. FWS Regional (or Field Office) contacts will discuss potential proposals with interested parties if needed, and review eligible applications. The FWS Regional Office will refer interested parties to the appropriate FWS Field Office for further consideration as appropriate. For potential proposals submitted directly to the Field Office, the Field Office will conduct the proposal review and selection process. A list of FWS Regional and Field Office contacts is available in the Full Announcement under section VII. Agency Contacts.

Agency Name

Fish and Wildlife Service

Description

Financial assistance is available to secure candidate and other at-risk species information or undertake restoration actions that will help avert federal listing of species. The purpose is to provide a means by which the ecosystems upon which candidate and at-risk species depend may be conserved, to provide a program for the conservation of these species.

State governments
 County governments
 City or township governments
 Special district governments
 Independent school districts
 Public and State controlled institutions of higher education
 Native American tribal governments (Federally recognized)
 Native American tribal organizations (other than Federally recognized tribal governments)
 Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
 Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
 Private institutions of higher education

Individuals
For profit organizations other than small businesses
Small businesses

Additional Information on Eligibility:

Agency Name

Fish and Wildlife Service

Description

The Coastal Program is a voluntary, incentive-based program that provides technical and financial assistance to coastal communities and landowners to restore and protect fish and wildlife habitat on public and private lands. The Coastal Program is not a conventional grants program, in that it does not solicit projects through a request for proposals. Instead, projects are developed strategically, in coordination with partners, and with substantial involvement from Service field biologists. If you are interested in working with the Coastal Program, please visit our website to find the nearest Coastal Program office.

Additional Information on Eligibility:

Agency Name

Fish and Wildlife Service

Description

The Partners for Fish and Wildlife Program is a voluntary, incentive-based program that provides technical and financial assistance to private landowners to restore and conserve fish and wildlife habitat. The Partners

for Fish and Wildlife Program is not a traditional grants program, it is a direct federal assistance program. The Partners for Fish and Wildlife Program does not solicit projects through a request for proposals. Instead, projects are developed in collaboration and with substantial involvement from Partners for Fish and Wildlife field biologists. The Partners for Fish and Wildlife Program is delivered through more than 250 full-time staff, active in all 50 States and territories, who work directly with landowners to plan and implement projects based on priorities and geographic focus areas identified in regional strategic plans. If you would like more information on the Partners for Fish and Wildlife Program please visit <http://www.fws.gov/partners/> To find out who to contact for more information or opportunities in your area please visit <http://www.fws.gov/partners/contactUs.html>
